STATE OF NEW JERSEY

GENERAL ASSEMBLY

TUESDAY, January 13, 1987.

The General Assembly met at 12:21 p.m.

Prayer was offered by Dr. Samuel Arthur Jeanes, Pastor, First Baptist Church, Merchantville, New Jersey.

Assemblyman Robert J. Martin led in the Pledge of Allegiance to the Flag.

Upon calling the roll, the following members answered the call and the Speaker declared a quorum present:

Albohn, Azzolina, Baer, Bocchini, Catrillo, Charles, Chinici, Colburn, Collins, Cooper, Crecco, Deverin, DiGaetano, Donovan, Felice, Franks, Frelinghuysen, Gargiulo, Garvin, Genova, Girgenti, Hardwick (Speaker), Haytaian, Hendrickson, Hudak, Kalik, Kamin, Karcher, Kavanaugh, Kelly, Kern, Kline, Kosco, Littell, Loveys, Marsella, Martin, Mazur, McEnroe, Miller, Moran, Muziani, Naples, Ogden, Palaia, Paterniti, Pellecchia, Pelly, Penn, Rafferty, Rocco, Rooney, Schuber, Shinn, Shusted, Singer, J. Smith, R. Smith, Stuhltrager, Villane, Watson, Zangari, Zecker, Zimmer—64.

The Speaker announced:

Notice of and the calendar for this session of the General Assembly having been sent to the members of the General Assembly, the Secretary of the State and the State House Press and posted in accordance with the Open Public Meetings Law, I declare the General Assembly to be in session.

The Clerk began to read the minutes of the previous meeting. Mr. Haytaian moved that the reading of the minutes be dispensed with, which motion was adopted.

The Clerk then read and the General Assembly passed resolutions of welcome, condolences, commendation and recognition.

The Clerk read the following resolution:

GENERAL ASSEMBLY
1987 ORGANIZATIONAL RESOLUTION

Be It Resolved:

1. That the Clerk of the General Assembly be directed to inform the Senate that the General Assembly has organized, its Speaker being the Honorable Chuck Hardwick of Union County, and its Clerk, Barbara A. Morrow of Mercer County for the Second Annual Session of the Two Hundred-Second Session of the General Assembly, and has proceeded to business.

2. That the Speaker be and is hereby authorized to appoint such assistants as he may deem necessary.

3. That the working staff of the General Assembly shall be at all times subject to the direction of the Speaker and the Clerk, who shall have authority to designate to any member of the staff such duties as may be required.

4. That unless otherwise ordered the regular hours of meetings of the General Assembly will be on days and at times to be announced to the members, the news media and the public by the Speaker.

5. That no floor passes be issued by any officer or member of the General Assembly other than the Speaker, with the further provision that the privilege of the floor may be extended by a resolution duly adopted.

6. That in the absence of the Clerk, such other officers or employees as directed by the Speaker shall perform all duties imposed by law and the rules of the General Assembly upon the Clerk.

7. That the Interim Bill Drafting Manual dated April, 1886, prepared and revised from time to time by the Office of Legislative Services, be adopted as the official manual of practice and procedure of the General Assembly governing the form of bills to be introduced in the General Assembly and governing the conduct of the preliminary examination of bills proposed for introduction in the General Assembly required by the Rules of the General Assembly.

That in order to carry out the aforementioned practice and procedure, Albert Porroni, Legislative Counsel and such deputies and assistants as he shall assign be designated as counsel to conduct said preliminary examination of bills proposed for introduction and amendments adopted in the General Assembly under the general supervision of the Legislative Counsel.

8. That each member of the General Assembly be authorized to retain up to six aides at a total compensation per member as authorized by law, except the Speaker may authorize more than six aides.

9. That the Rules of the 1986 General Assembly be adopted as the Rules for the 1987 General Assembly.

10. That His Excellency the Governor be informed that the General Assembly has organized for 1987, its Speaker being the Honorable Chuch Hardwick of Union County, and its Clerk, Barbara A. Marrow of Mercer County, and is now ready to proceed to business and to receive any communications he may forward.

On motion of Mr. Haytaian, the previous resolution passed by the following vote:

60 Yeas

ASSEMBLY COMMITTEE SUBSTITUTE FOR ASSEMBLY BILL NOS.
2264/2209/2211/1876/1679/864 and 554 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Committee Substitute for Assembly Bill Nos. 2264, 2209, 2211, 1876, 1679, 864 and 554 (OCR) with my objections, for reconsideration.

The Assembly Committee Substitute establishes the exclusive civil remedy for the negligent service of alcoholic beverages by a licensed alcoholic beverage server. The Assembly Committee Substitute currently provides that under no circumstances shall a licensed alcoholic beverage server be liable to an adult patron who, as a result of intoxication, injures himself or his property. The Assembly Committee Substitute further provides that the licensed alcoholic beverage server shall not be liable to an adult who suffers injury or damage as a result of riding in a motor vehicle which the adult knows is operated by an intoxicated adult. The Assembly Committee Substitute also provides the exclusive circumstances under which an adult, not falling within the above-referenced categories, may recover from a licensed alcoholic beverage server for the negligent service of alcoholic beverages.

I fully recognize and appreciate the current liability insurance crisis generally, and the difficulties that licensed alcoholic beverage servers are having finding affordable insurance specifically. Moreover, I fully support the efforts of the Legislature to enact legisla-

tion addressing this problem. However, I am compelled to return this bill to the Legislature because I believe there is a more comprehensive and balanced approach to this issue.

In responding to the current liability insurance crisis, I advocate the enactment of reasonable modifications to our civil justice system, rather than the total elimination of certain injured parties' rights to institute a civil action for damages against one who unlawfully violates a regulatory duty of care not to serve visibly intoxicated adults. By eliminating licensed alcoholic beverage server liability to the adult patron and the adult who rides in a motor vehicle knowing that the motor vehicle is operated by an intoxicated adult, this bill contravenes current Alcoholic Beverage Control policy and a logical and consistent system of laws. I cannot support legislation that eliminates the licensee's civil duty of care to visibly intoxicated adults and third parties who ride in motor vehicles with an intoxicated driver. I believe there are more reasonable tort reform measures that are much less harsh to injured victims of negligence. Moreover, I believe that the enactment of modifications to our civil justice system which affect all potential claimants will provide licensees with greater predictability of their liability than the enactment of this bill, which affects only a fraction of potential claimants.

Despite the fact that the bill specifically states that it shall be the exclusive civil remedy for the negligent service of alcoholic beverages by a licensee, neither the bill nor the legislative history mention the effect of this bill on the current case law regarding the civil liability of licensees to individuals under the legal age to consume alcoholic beverages and persons injured by them. It is unclear whether the common law with respect to minors and persons injured by them is intended to survive the enactment of this bill. The undesirable result is that the bill does not provide a definitive statement of the law regarding to whom and under what circumstances a licensee may be civilly liable.

A comprehensive statute, addressing the various standards of care to be given all potential claimants, is imperative if legislative action is to give licensees and their insurers any meaningful measure of predictability of the incidence of claims. I recommend legislation that recognizes the differing duties of care owed by licensees to minor patrons and to adult patrons. However, I believe all other provisions of any legislation in this area should apply equally to minors and intoxicated adults, and all persons injured by them. To do otherwise would retain the anomalous situations created by this bill where one set of rules apply in the case of a party who is, or is injured by, a minor, and another set of rules apply in the case of a party who is, or is injured by, an adult.

I recommend that the common law civil duty of care owed by licensees to individuals under the legal age to consume alcoholic beverages be codified. This bill should provide that licensees have a civil duty not to serve minors, under circumstances where the server knows, or reasonably should know, that the person being

served is a minor. In addition, I recommend that a definition of "minor" be included in the bill and that the definition of "person" be amended to include all natural persons, irrespective of age. These recommendations will ensure a comprehensive statute addressing both standards of care and the law to be applied to all potential claimants.

The proximate cause section of this bill is incorrectly drafted. The bill requires that intoxication must be proximately caused by the negligent service of alcoholic beverages. This is inconsistent with existing case law which requires, as an element of a cause of action against an alcoholic beverage server, that the negligent service of alcoholic beverages proximately cause injury or damage. I therefore recommend that the bill be amended to specify that the negligent service of alcoholic beverages proximately cause injury or damage, rather than intoxication.

In order to protect licensees and clearly demonstrate the type of conduct for which the licensee may be civilly liable to adults and persons injured by intoxicated adults, I recommend that the current common law negligence standard pertaining to adult patrons be modified. I recommend a standard of care that depends on whether the adult patron was visibly intoxicated when served, rather than whether the server knew or reasonably should have known that the adult patron was actually or apparently intoxicated when served. I further recommend that the term "visibly intoxicated" be defined as a state of intoxication accompanied by a perceptible act or series of acts which present clear signs of intoxication. Based on these recommendations, the licensee would be civilly responsible for foreseeable injury or damage proximately caused by the service of alcoholic beverages to intoxicated adults who display clear signs of intoxication. Adoption of these amendments will hold the licensee liable only when it can be objectively demonstrated that he violated a reasonable duty of care. However, unlike the current legislation, the licensee will not be absolutely immune from liability to a patron served while visibly intoxicated.

Rather than wholly eliminating liability to adult patrons and certain third party motor vehicle passengers, I believe that a better public policy would be to temper the licensee's liability to all potential claimants by applying comparative negligence principles where the injured party had the capacity to engage in self-protective measures. The fact that comparative negligence principles do not currently apply in an action by a patron against a licensee, but do apply in action by an injured third party against a licensee, causes an inequitable allocation of losses where the injured party had the capacity to engage in self-protective measures. In light of current principles of comparative negligence, I know of no reason to insulate a patron from any responsibility while at the same time assessing fault against a third party who may be possibly the most innocent of all involved in such tragic incidents.

Similarly, the elimination of the doctrine of joint and several liability in these cases is much less harsh to injured victims of negligence than the complete elimination of licensee liability to certain classes of individuals, and the protection of those who unlawfully violates the regulatory duty of care not to serve visibly intoxicated adults. The doctrine of joint and several liability clearly causes unpredictable and inequitable liability in these cases and all other tort cases. I therefore recommend that the doctrine of joint and several liability be eliminated in these cases.

Finally, I recommend an admendment to the provisions of the bill dealing with the monitoring role of the Department of Insurance. I believe the bill should clearly state that the Department of Insurance shall gather information and statistics on the activity of surplus lines insurers in this market, as well as admitted companies.

Accordingly, I return Assembly Committee Substitute for Assembly Bill Nos. 2264, 2209, 2211, 1876, 1679, 864 and 554 (OCR) and recommend that it be amended as follows:

ASSEMBLY JOINT RESOLUTION No. 30

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14 of the Constitution, I herewith return Assembly Joint Resolution No. 30 with my objections for reconsideration.

As it has reached my desk, this Assembly Joint Resolution would direct the Port Authority of New York and New Jersey to develop and implement a plan to increase the Trans-Hudson crossing capacity for commuter and commercial traffic.

The bill goes on to stipulate that the Governor of New Jersey shall veto any action taken by Port Authority commissioners appointed from New Jersey unless a full report on the progress of alleviating the Trans-Hudson traffic situation is forthcoming by the Port Authority within six months of the enactment of this joint resolution.

Although I am a strong supporter of greater Port Authority action in increasing Trans-Hudson crossing capacity, I must oppose that portion of the resolution that limits my power to approve or veto actions taken by Port Authority commissioners from New Jersey. It is not in the best interests of this State for the Governor of New Jersey to be placed at a disadvantage with the Governor of New York, whose actions regarding the Port Authority would remain unrestricted by this resolution. I shall continue to work on behalf of the interests of the people of New Jersey on this and all other matters connected with the Port Authority and shall continue to exercise my powers regarding Port Authority minutes with that goal in mind.

Accordingly, I return Assembly Joint Resolution No. 30 and recommend that it be amended as follows:

Page 2, Section 2, Lines 1-4: On line 1 delete "The Governor of New Jersey shall veto any action taken by"; delete lines 2 and 3 in their entirety; on line 4 delete "Jersey unless a"; insert "A".

Page 2, Section 2, Line 5: Delete "is"; insert "shall be".

Respectfully,

Governor.

ASSEMBLY BILL No. 1727 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the New Jersey Constitution, I herewith return Assembly Bill No. 1727 (2nd OCR) without my approval.

This bill requires districts to provide educational programs designed to meet the needs of the gifted and talented pupils identified in their districts. The bill also calls for the State to pay State categorical education aid for the costs of such programs.

A bill virtually identical to this bill, Assembly Bill No. 623 (3rd OCR) (1984 Session), was vetoed last session because the

bill did not address the need for a revenue source for a gifted and talented categorical program. In Assembly Bill No. 1727 (2nd OCR), the Legislature simply moved back the program's implementation to Fiscal Year 1988. This legislative change between the two bills fails to address the underlying issue of funding this program without raising taxes or cutting other essential State programs. I am not opposed to the program proposed and would reconsider if the Legislature identified a source of funding.

At the present time, local school districts are free to run gifted and talented programs for their pupils. If a district chooses to do so, then the district receives State equalization aid for the costs of the program. The State's most recent data indicates that Statewide 10.8% of the total pupil population have been identified as gifted and, of those identified, 96.5% are being served.

The decision to run a gifted and talented program is an educational policy decision that in large part should be based upon local desires and needs. Since State aid is already available to those districts which choose to operate gifted and talented programs, I do not believe this bill is essential to districts to run gifted and talented programs. The bill would cost the State approximately \$8 million in net costs in its first year of implementation and approximately \$10 million in subsequent years of implementation. I cannot justify adding this mandated program to the many other education aid formulas which were not fully funded in Fiscal Year 1987 and which will not be fully funded in Fiscal Year 1988. Current fiscal demands upon the State budget for Fiscal Year 1988, in the education area and otherwise, require me to decline adding this mandated program to the other education programs competing for limited State funds.

Accordingly, I herewith return Assembly Bill No. 1727 (2nd OCR) without my approval.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 1832

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the New Jersey Constitution, I herewith return Assembly Bill No. 1832 without my approval.

This bill changes the date on which school districts take their pupil enrollment count for the purpose of determining State education aid. The resident enrollment count of the local school district is currently set as of the last school day of September. This bill would change the date upon which the pupil enrollment count is taken to October 15. The bill would also amend various other sections of the educational laws which set deadlines for reporting requirements by the local school districts based upon their resident enrollment count as well as determination dates and notification dates which apply to the Commissioner of Education in the course of determining State aid amounts for each of our local school districts.

This bill is intended to assist those school districts which receive an influx of pupils during the school year. However, pupil enrollment and migration is an ongoing process that exists in spite of when the enrollment count occurs. Consequently, while changing the date and the manner proposed by this bill may benefit some districts, other districts may experience a reduction in student population. By picking another later date upon which the enrollment count is taken, the bill merely sets a new arbitrary date for the count. However, the new date specified in the bill does not address the fact that different districts receive an influx of new pupils at various times during the school year.

Also by moving the date upon which the student enrollment count is taken back by two weeks, the bill would cause difficulties in developing accurate projections of State aid for local school districts. In addition to its impact on the development of State aid calculations for education, the delay could also hamper the allocation of State resources to other program areas. I believe that an issue of far ranging importance such as this deserves to be studied thoroughly. The State and Local Expenditure and Revenue Policy Commission is currently studying issues relating to the funding of education in New Jersey. This issue should be part of the Commission's comprehensive review of State funding for education in New Jersey.

Accordingly, I herewith return Assembly Bill No. 1832 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 2355

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 2355 without my approval.

This bill creates the New Jersey Legal Service Assistance Fund for the deposit of certain unclaimed money previously deposited in the Superior Court. The income earned through investment of the money in the New Jersey Legal Service Assistance Fund is to be used to fund legal service assistance programs operating under an agreement with the Department of Community Affairs.

I return this bill without my approval because I believe that funding for legal service assistance programs should be considered in the regular appropriations process. This bill creates a funding mechanism that allocates funds irrespective of a demonstrated showing of the need for, purpose or use of those funds.

I do not believe it is appropriate to dedicate income earned on unclaimed property in the possession of the State Treasury to a specific purpose or program where there is no logical nexus between the dedicated fund and the uses contemplated. Ordinarily, pursuant to current law, any income earned on unclaimed property in the possession of the State Treasury would eventually be deposited into the General Fund and disbursed through the normal budget appropriation process. I believe that the normal budget appropriation process is the appropriate means by which to allocate State funds to programs such as legal service assistance programs.

Accordingly, I herewith return Assembly Bill No. 2355 without my signature.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY COMMITTEE SUBSTITUTE FOR
ASSEMBLY BILL NOS. 1086, 2029, 783 AND 1260 (SENATE REPRINT)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Committee Substitute for Assembly Bill Nos. 1086, 2029, 783 and 1260 (Senate Reprint) with my objections, for reconsideration.

This bill authorizes a court to award to a party who prevails in a civil action, either as a plaintiff or defendant, reasonable attorney's fees in an amount not to exceed \$2,500.00, if the court determines at any time during the proceedings or upon judgment that a complaint, counterclaim, cross-claim or defense of the non-prevailing person was frivolous. The bill would fill a gap in current statutes and court rules which are silent on the precise issue addressed by this bill. The award of attorney's fees to the prevailing party in a law suit, which meets the bill's restrictive definition of "frivolous," would hopefully serve as a deterrent to such harassing and bad faith actions.

While I support the need for this bill and applaud its overall careful approach to altering our general public policy that a litigant bear his or her own attorney's fees, the bill as presented is

flawed. First, the bill's cap of \$2,500.00 on the amount of the attorney's fees award is unrealistically and unreasonably low. This amount could easily represent only a small portion of the cost of the fees incurred in defending against a frivolous law suit. I believe the bill is stronger without this cap and that the cap should be deleted. The bill should authorize a court to award reasonable attorney's fees. I am comfortable in allowing the court to determine the reasonableness of a fee request on an individual case basis.

Secondly, I believe that the bill should reach false claim actions, that is claims or defenses which are based on false allegations of fact. The bill's language is unclear as to whether such claims or defenses are within the bill's scope. Accordingly, I am recommending an addition to the bill to cover claims or defenses which are based on false allegations of fact.

Also, the bill authorizes the award of reasonable attorney's fees, but excludes the award of reasonable litigation costs. I believe costs should be allowed under this bill. Furthermore, such costs should not be limited to the restrictive statutory costs otherwise available under New Jersey law. In order to serve the deterrent intention of this bill, I believe all reasonable litigation costs, including for example the cost of utilizing expert witnesses which can be quite expensive, should be included in addition to the typical costs of fact witnesses, of transcript reproduction costs and printing expenses. In making this recommendation I would again rely upon the court's discretion in determining on an individual case basis the reasonableness of a bill of costs requested by a prevailing party under this bill. I believe it is important to allow courts the discretion to award costs as well as attorney's fees because any party prevailing in a law suit which was brought without any reasonable basis in law or equity or for bad faith, or on a knowingly malicious or false basis, should not be required to bear the considerable costs of litigation when the attorney's fees may be shifted to the non-prevailing party. The prevailing party in such harassing action should be able to be made whole for the expenses incurred in participating in the law suit.

Therefore, I herewith return Assembly Committee Substitute for Assembly Bill Nos. 1086, 2029, 783 and 1260 (Senate Reprint) and recommend that it be amended as follows:

Page 1, Section 1, Line 3: After "awarded" insert "all reasonable litigation costs and"

Page 1, Section 1, Lines 3-4: After "fees," delete "not to exceed \$2,500.00,"

Page 1, Section 1, Line 18: After "law" insert ", or was based on false allegations of fact"

Page 2, Section 1, Line 29: After "rendered" insert ", the amount of the allowance applied for, an itemization of the disbursements for

which reimbursement is sought, and any other factors relevant in evaluating fees and costs”

Respectfully,
/s/ THOMAS H. KEAN,
Governor.

[SEAL]

Attest:

/s/ MICHAEL R. COLE,
Chief Counsel.

Mr. Haytaian moved that the message be spread in full upon the minutes, which motion was adopted by voice vote.

Mr. Haytaian offered the following resolution, which was read by the Clerk and adopted:

Resolved, That pursuant to Rule 158 the following Assembly Bill conditionally vetoed by the Governor, be and is hereby given first reading for the purpose of reenactment:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 5, 1987. }

ASSEMBLY BILL No. 2733 (3RD OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 2733 (3rd OCR) with my objections, for reconsideration.

This bill establishes a "Health Care Program for Pregnant Women and Children" in the Department of Human Services to expand and improve health coverage for poor pregnant women and children. Specifically, in accordance with recently passed federal legislation (Pub. L. 99-509), this bill enables the Department of Human Services to extend Medicaid optional categorically needy coverage to pregnant women and children whose family incomes are above the Aid to Families with Dependent Children (AFDC) or Medically Needy eligibility thresholds, but who are at or below the federal poverty level. Pregnant women are also able to retain eligibilty until 60 days after the end of their pregnancies, regardless of changes in family income, to ensure continuity of care.

In addition, this bill will improve health coverage by authorizing the Department of Human Services, together with the Department of Health, to develop comprehensive maternity and pediatric care programs as new Medicaid service options that will serve as effective models for the delivery of health care to pregnant women and children. The programs will define the types of services to be provided, the level of services and the frequency of services. As defined in this legislation, the comprehensive maternity program may include: the basic number of prenatal and postpartum visits recommended by the American College of Obstetrics and Gynecology; additional prenatal and postpartum visits that are medically necessary; necessary laboratory, nutritional assessment and counseling, health education, personal counseling, managed care, outreach and follow-up services; treatment of conditions that may complicate pregnancy; and physician or certified nurse-midwife delivery systems.

Furthermore, under this program children will be eligible to receive, in addition to regular Medicaid benefits, a range of comprehensive ambulatory, preventive and primary care health services. The range of preventive services will be consistent with American Academy of Pediatric standards.

From its inception and throughout the legislative process this program has received my enthusiastic support. As I have noted many times in the past, New Jersey's infant mortality rate is distressingly and unacceptably high. In 1983, for example, more than 1,100 babies in New Jersey died before their first birthday. The State's infant mortality rate, 11.3 deaths per 1,000 live births, is among the 17 highest in the country. I believe that this legislation will significantly enhance the quality of health care delivered to many thousands of women and children in the State and ultimately result in healthier babies born to healthier mothers.

Although this bill as it has reached my desk is sound in concept, I have been advised by the Department of Health and Human Services that various amendments to this legislation are necessary to allow us to take full advantage of recent changes in federal Medicaid law, thereby obtaining additional federal matching funds for this essential program. These recommended amendments, while lengthy, are essentially of a technical nature and will provide consistency with federal law, while maximizing the State's flexibility to establish appropriate program standards. Specifically, the comprehensive maternity and pediatric care services components, the program definitions, and the duties of the Commissioner of the Department of Human Services contained in this bill are placed in the State Medicaid statute to make that act consistent with federal law.

At this time, therefore, I herewith return Assembly Bill No. 2733 (2nd OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Title, Lines 1-2: Omit "establishing the "Health Care Program for Pregnant Women and Children"" Insert "providing for health care for pregnant women and children and amending"

"2. Section 3 of P. L. 1968, c. 413 (C. 30:4D-3) is amended to read as follows:

3. Definitions. As used in this act, and unless the context otherwise requires:

a. "Applicant" means any person who has made application for purposes of becoming a "qualified applicant."

b. "Commissioner" means the Commissioner of the Department of Human Services.

c. "Department" means the Department of Human Services, which is herein designated as the single State agency to administer the provisions of this act.

d. "Director" means the Director of the Division of Medical Assistance and Health Services.

e. "Division" means the Division of Medical Assistance and Health Services.

f. "Medicaid" means the New Jersey Medical Assistance and Health Services Program.

g. "Medical assistance" means payments on behalf of recipients to providers for medical care and services authorized under this act.

h. "Provider" means any person, public or private institution, agency or business concern approved by the division lawfully providing medical care, services, goods and supplies authorized under this act, holding, where applicable, a current valid license to provide such services or to dispense such goods or supplies.

i. "Qualified applicant" means a person who is a resident of this State and is determined to need medical care and services as provided under this act, and who:

(1) Is a recipient of Aid to Families with Dependent Children;

(2) Is a recipient of Supplemental Security Income for the Aged, Blind and Disabled under Title XVI of the Social Security Act;

(3) Is an "ineligible spouse" of a recipient of Supplemental Security Income for the Aged, Blind and Disabled under Title XVI of the Social Security Act, as defined by the federal Social Security Administration;

(4) Would be eligible to receive public assistance under a categorical assistance program except for failure to meet an eligibility condition or requirement imposed under such State program which is prohibited under Title XIX of the federal

Social Security Act such as a durational residency requirement, relative responsibility, consent to imposition of a lien;

(5) Is a child between 18 and 21 years of age who would be eligible for Aid to Families with Dependent Children, living in the family group except for lack of school attendance or pursuit of formalized vocational or technical training;

(6) Is an individual under 21 years of age who qualifies for categorical assistance on the basis of financial eligibility, but does not qualify as a dependent child under the State's program of Aid to Families with Dependent Children (AFDC), or groups of such individuals, including but not limited to, children in foster placement under supervision of the Division of Youth and Family Services whose maintenance is being paid in whole or in part from public funds, children placed in a foster home or institution by a private adoption agency in New Jersey or children in intermediate care facilities, including institutions for the mentally retarded, or in psychiatric hospitals;

(7) Meets the standard of need applicable to his circumstances under a categorical assistance program or Supplemental Security Income program, but is not receiving such assistance and applies for medical assistance only.

A person shall not be considered a qualified applicant if, within 24 months of becoming or making application to become a qualified applicant, he has made a voluntary assignment or transfer of real or personal property, or any interest or estate in property, for less than adequate consideration. Such voluntary assignment or transfer of property shall be deemed to have been made for the purpose of becoming a qualified applicant in the absence of evidence to the contrary supplied by the applicant. This requirement shall not be applicable to Supplemental Security Income applicants or aged, blind or disabled applicants for Medicaid only unless authorized by federal law. Implementation of this requirement shall conform with the provisions of section 132 of Pub. L. 97-248 (42 U. S. C. § 1396 p. (c));

(8) Is determined to be medically needy and meets all the eligibility requirements described below:

(a) The following individuals are eligible for services, if they are determined to be medically needy:

(i) Pregnant women;

(ii) Dependent children under the age of 21;

(iii) Individuals who are 65 years of age and older; and

(iv) Individuals who are blind or disabled pursuant to either 42 C. F. R. 435.530 et seq. or 42 C. F. R. 435.540 et seq., respectively.

(b) The following income standard shall be used to determine medically needy eligibility:

(i) For one person and two person households, the income standard shall be the maximum allowable under federal law, but shall not exceed 133 $\frac{1}{3}$ % of the State's payment level to

two person households eligible to receive assistance pursuant to P. L. 1959, c. 86 (C. 44:10-1 et seq.); and

(ii) For households of three or more persons, the income standard shall be set at 133 $\frac{1}{3}$ % of the State's payment level to similar size households eligible to receive assistance pursuant to P. L. 1959, c. 86 (C. 44:10-1 et seq.).

(c) The following resource standard shall be used to determine medically needy eligibility:

(i) For one person households, the resource standard shall be 200% of the resource standard for recipients of Supplemental Security Income pursuant to 42 U. S. C. § 1382 (1) (B);

(ii) For two person households, the resource standard shall be 200% of the resource standard for recipients of Supplemental Security Income pursuant to 42 U. S. C. § 1382 (2) (B); and

(iii) For households of three or more persons, the resource standard in subparagraph (c) (ii) above shall be increased by \$100.00 for each additional person.

(iv) The resource standards established in (i), (ii), and (iii) are subject to federal approval and the resource standard may be lower if required by the federal Department of Health and Human Services.

(d) Individuals whose income exceeds those established in subparagraph (b) of paragraph (8) of this subsection may become medically needy by incurring medical expenses as defined in 42 C. F. R. 435.831 (c) which will reduce their income to the applicable medically needy income established in subparagraph (b) of paragraph (8) of this subsection.

(e) A six month period shall be used to determine whether an individual is medically needy.

(f) Eligibility determinations for the medically needy program shall be administered as follows:

(i) County welfare agencies are responsible for determining and certifying the eligibility of pregnant women and dependent children. The division shall reimburse county welfare agencies for 100% of the reasonable costs of administration which are not reimbursed by the federal government for the first 12 months of this program's operation. Thereafter, 75% of the administrative costs incurred by county welfare agencies which are not reimbursed by the federal government shall be reimbursed by the division.

(ii) The division is responsible for certifying the eligibility of individuals who are 65 years of age and older and individuals who are blind or disabled. The division may enter into contracts with county welfare agencies to determine certain aspects of eligibility. In such instances the division shall provide county welfare agencies with all information the division may have available on the individual.

The division shall notify all eligible recipients of the Pharmaceutical Assistance to the Aged and Disabled program, P. L.

1975, c. 194 (C. 30:4D-20 et seq.) on an annual basis of the medically needy program and the program's general requirements. The division shall take all reasonable administrative actions to ensure that Pharmaceutical Assistance to the Aged and Disabled recipients, who notify the division that they may be eligible for the program, have their applications processed expeditiously, at times and locations convenient to the recipients; and

(iii) The division is responsible for certifying incurred medical expenses for all eligible persons who attempt to qualify for the program pursuant to subparagraph (d) of paragraph (8) of this subsection;

(9) (a) *Is a pregnant woman, or is a child who is under one year of age, or, on and after October 1, 1987, is a child under two years of age; and*

(b) *Is a member of a family whose income does not exceed the poverty level and who meets the federal Medicaid eligibility requirements set forth in section 9401 of Pub. L. 99-509 (42 U. S. C. § 1396a), except that a pregnant woman who is determined to be a qualified applicant shall, notwithstanding any change in the income of the family of which she is a member, continue to be deemed a qualified applicant until the end of the 60 day period beginning on the last day of her pregnancy.*

(10) *Is a pregnant woman who is determined by a provider to be presumptively eligible for medical assistance based on criteria established by the commissioner, pursuant to section 9407 of Pub. L. 99-509 (42 U. S. C. § 1396a (a)).*

j. "Recipient" means any qualified applicant receiving benefits under this act.

k. "Resident" means a person who is living in the State voluntarily with the intention of making his home here and not for a temporary purpose. Temporary absences from the State, with subsequent returns to the State or intent to return when the purposes of the absences have been accomplished, do not interrupt continuity of residence.

l. "State Medicaid Commission" means the Governor, the Commissioner of Human Services, the President of the Senate and the Speaker of the General Assembly, hereby constituted a commission to approve and direct the means and method for the payment of claims pursuant to this act.

m. "Third party" means any person, institution, corporation, insurance company, public, private or governmental entity who is or may be liable in contract, tort, or otherwise by law or equity to pay all or part of the medical cost of injury, disease or disability of an applicant for or recipient of medical assistance payable under this act.

n. "Governmental peer grouping system" means a separate class of skilled nursing and intermediate care facilities administered by

the State or county governments, established for the purpose of screening their reported costs and setting reimbursement rates under the Medicaid program that are reasonable and adequate to meet the costs that must be incurred by efficiently and economically operated State or county skilled nursing and intermediate care facilities.

o. "Comprehensive maternity or pediatric care provider" means any person or public or private health care facility that is a provider and that is approved by the commissioner to provide comprehensive maternity care or comprehensive pediatric care as defined in subsection b. (18) and (19) of section 6 of P. L. 1968, c. 413 (C. 30:4D-6b. (18) and (19)).

p. "Poverty level" means the official poverty level based on family size established and adjusted under Section 673 (2) of Subtitle B, the "Community Services Block Grant Act," of Pub. L. 97-35 (42 U. S. C. § 9902 (2)).

3. Section 6 of P. L. 1968, c. 413 (C. 30:4D-6) is amended to read as follows:

6. a. Subject to the requirements of Title XIX of the federal Social Security Act, the limitations imposed by this act and by the rules and regulations promulgated pursuant thereto, the department shall provide medical assistance to qualified applicants, including authorized services within each of the following classifications:

- (1) Inpatient hospital services;
- (2) Outpatient hospital services;
- (3) Other laboratory and X-ray services;

(4) (a) Skilled nursing or intermediate care facility services;
(b) Such early and periodic screening and diagnosis of individuals who are eligible under the program and are under age 21, ascertain their physical or mental defects and such health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby, as may be provided in regulations of the Secretary of the federal Department of Health and Human Services and approved by the commissioner;

(5) Physician's services furnished in the office, the patient's home, a hospital, a skilled nursing or intermediate care facility or elsewhere.

b. Subject to the limitations imposed by federal law, by this act, and by the rules and regulations promulgated pursuant thereto, the medical assistance program may be expanded to include authorized services within each of the following classifications:

(1) Medical care not included in subsection a. (5) above, or any other type of remedial care recognized under State law, furnished by licensed practitioners within the scope of their practice, as defined by State law;

(2) Home health care services;

- (3) Clinic services;
- (4) Dental services;
- (5) Physical therapy and related services;
- (6) Prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in diseases of the eye or by an optometrist, whichever the individual may select;
- (7) Optometric services;
- (8) Podiatric services;
- (9) Chiropractic services;
- (10) Psychological services;
- (11) Inpatient psychiatric hospital services for individuals under 21 years of age, or under age 22 if they are receiving such services immediately before attaining age 21;
- (12) Other diagnostic, screening, preventive, and rehabilitative services, and other remedial care;
- (13) Inpatient hospital services, skilled nursing facility services and intermediate care facility services for individuals 65 years of age or over in an institution for mental diseases;
- (14) Intermediate care facility services;
- (15) Transportation services;
- (16) Services in connection with the inpatient or outpatient treatment or care of drug abuse, when the treatment is prescribed by a physician and provided in a licensed hospital or in a narcotic and drug abuse treatment center approved by the Department of Health pursuant to P. L. 1970, c. 334 (C. 26:2G-21 et seq.) and whose staff includes a medical director, and limited to those services eligible for federal financial participation under Title XIX of the federal Social Security Act;
- (17) Any other medical care and any other type of remedial care recognized under State law, specified by the Secretary of the federal Department of Health and Human Services, and approved by the commissioner;
- (18) *Comprehensive maternity care, which may include: the basic number of prenatal and postpartum visits recommended by the American College of Obstetrics and Gynecology; additional prenatal and postpartum visits that are medically necessary; necessary laboratory, nutritional assessment and counseling, health education, personal counseling, managed care, outreach and follow-up services; treatment of conditions which may complicate pregnancy; and physician or certified nurse-midwife delivery services;*
- (19) *Comprehensive pediatric care, which may include ambulatory, preventive and primary care health services. The preventive services shall include, at a minimum, the basic number of preventive visits recommended by the American Academy of Pediatrics.*

c. Payments for the foregoing services, goods and supplies furnished pursuant to this act shall be made to the extent authorized by this act, the rules and regulations promulgated pursuant thereto and, where applicable, subject to the agreement of insurance

provided for under this act. Said payments shall constitute payment in full to the provider on behalf of the recipient. Every provider making a claim for payment pursuant to this act shall certify in writing on the claim submitted that no additional amount will be charged to the recipient, his family, his representative or others on his behalf for the services, goods and supplies furnished pursuant to this act.

No provider whose claim for payment pursuant to this act has been denied because the services, goods or supplies were determined to be medically unnecessary shall seek reimbursement from the recipient, his family, his representative or others on his behalf for such services, goods and supplies provided pursuant to this act; provided, however, a provider may seek reimbursement from a recipient for services, goods or supplies not authorized by this act, if the recipient elected to receive the services, goods or supplies with the knowledge that they were not authorized.

d. Any individual eligible for medical assistance (including drugs) may obtain such assistance from any person qualified to perform the service or services required (including an organization which provides such services, or arranges for their availability on a permanent basis), who undertakes to provide him such services.

No copayment or other form of cost-sharing shall be imposed on any individual eligible for medical assistance, except as mandated by federal law as a condition of federal financial participation.

e. Anything in this act to the contrary notwithstanding, no payments for medical assistance shall be made under this act with respect to care or services for any individual who:

(1) Is an inmate of a public institution (except as a patient in a medical institution); provided, however, that an individual who is otherwise eligible may continue to receive services for the month in which he becomes an inmate, should the commissioner determine to expand the scope of Medicaid eligibility to include such an individual, subject to the limitations imposed by federal law and regulations, or

(2) Has not attained 65 years of age and who is a patient in an institution for mental diseases, or

(3) Is over 21 years of age and who is receiving inpatient psychiatric hospital services in a psychiatric facility; provided, however, that an individual who was receiving such services immediately prior to attaining age 21 may continue to receive such services until he reaches age 22. Nothing in this subsection shall prohibit the commissioner from extending medical assistance to all eligible persons receiving inpatient psychiatric services; provided that there is federal financial participation available.

f. Any provision in a contract of insurance, will, trust agreement or other instrument which reduces or excludes coverage or payment for goods and services to an individual because of that individual's eligibility for or receipt of Medicaid benefits shall be null and void,

and no payments shall be made under this act as a result of any such provision.

g. The following services shall be provided to eligible medically needy individuals as follows:

(1) Pregnant women shall be provided prenatal care and delivery services and postpartum care, including the services cited in subsection a. (1), (3) and (5) of section 6 of P. L. 1968, c. 413 (C. 30:4D-6a. (1), (3) and (5)) and subsection b. (1)-(10), (12), (15) and (17) of section 6 of P. L. 1968, c. 413 (C. 30:4D-6b. (1)-(10), (12), (15) and (17)).

(2) Dependent children shall be provided with services cited in subsection a. (3) and (5) of section 6 of P. L. 1968, c. 413 (C. 30:4D-6a. (3) and (5)) and subsection b. (1), (2), (3), (4), (5), (6), (7), (10), (12), (15) and (17) of section 6 of P. L. 1968, c. 413 (C. 30:4D-6b. (1), (2), (3), (4), (5), (6), (7), (10), (12), (15) and (17)).

(3) Individuals who are 65 years of age or older shall be provided with services cited in subsection a. (3) and (5) of section 6 of P. L. 1968, c. 413 (C. 30:4D-6a. (3) and (5)) and subsection b. (1)-(5), (6) excluding prescribed drugs, (7), (8), (10), (12), (15) and (17) of section 6 of P. L. 1968, c. 413 (C. 30:4D-6b. (1)-(5), (6) excluding prescribed drugs, (7), (8), (10), (12), (15) and (17)).

(4) Individuals who are blind or disabled shall be provided with services cited in subsection a. (3) and (5) of section 6 of P. L. 1968, c. 413 (C. 30:4D-6a. (3) and (5)) and subsection b. (1)-(5), (6) excluding prescribed drugs, (7), (8), (10), (12), (15) and (17) of section 6 of P. L. 1968, c. 413 (C. 30:4D-6b. (1)-(5), (6) excluding prescribed drugs, (7), (8), (10), (12), (15) and (17)).

(5) (a) Inpatient hospital services, subsection a. (1) of section 6 of P. L. 1968, c. 413 (C. 30:4D-6a. (1)), shall only be provided to eligible medically needy individuals, other than pregnant women, if the federal Department of Health and Human Services discontinues the State's waiver to establish inpatient hospital reimbursement rates for the Medicare and Medicaid programs under the authority of section 601 (c) (3) of the Social Security Act Amendments of 1983, Pub. L. 98-21 (42 U. S. C. § 1395ww (c) (5)). Inpatient hospital services may be extended to other eligible medically needy individuals if the federal Department of Health and Human Services directs that these services be included.

(b) Outpatient hospital services, subsection a. (2) of section 6 of P. L. 1968, c. 413 (C. 30:4D-6a. (2)), shall only be provided to eligible medically needy individuals if the federal Department of Health and Human Services discontinues the State's waiver to establish outpatient hospital reimbursement rates for the Medicare and Medicaid programs under the authority of section 601 (c) (3) of the Social Security Act Amendments of 1983, Pub. L. 98-21 (42 U. S. C. § 1395ww (c) (5)). Outpatient hospital services may be

extended to all or to certain medically needy individuals if the federal Department of Health and Human Services directs that these services be included. However, the use of outpatient hospital services shall be limited to clinic services and to emergency room services for injuries and significant acute medical conditions.

(c) The division shall monitor the use of inpatient and outpatient hospital services by medically needy persons.

4. Section 7 of P. L. 1968, c. 413 (C. 30:4D-7) is amended to read as follows:

7. Duties of commissioner. The commissioner is authorized and empowered to issue, or to cause to be issued through the Division of Medical Assistance and Health Services, all necessary rules and regulations and administrative orders, and to do or cause to be done all other acts and things necessary to secure for the State of New Jersey the maximum federal participation that is available with respect to a program of medical assistance, consistent with fiscal responsibility and within the limits of funds available for any fiscal year, and to the extent authorized by the medical assistance program plan; to adopt fee schedules with regard to medical assistance benefits and otherwise to accomplish the purposes of this act, including specifically the following:

a. Subject to the limits imposed by this act, to submit a plan for medical assistance, as required by Title XIX of the federal Social Security Act, to the federal Department of Health and Human Services for approval pursuant to the provisions of such law; to act for the State in making negotiations relative to the submission and approval of such plan, to make such arrangements, not inconsistent with the law, as may be required by or pursuant to federal law to obtain and retain such approval and to secure for the State the benefits of the provisions of such law;

b. Subject to the limits imposed by this act, to determine the amount and scope of services to be covered, that the amounts to be paid are reasonable, and the duration of medical assistance to be furnished; provided, however, that the department shall provide medical assistance on behalf of all recipients of categorical assistance and such other related groups as are mandatory under federal laws and rules and regulations, as they now are or as they may be hereafter amended, in order to obtain federal matching funds for such purposes and, in addition, provide medical assistance for the foster children specified in section 3i. (7) of this act. The medical assistance provided for these groups shall not be less in scope, duration, or amount than is currently furnished such groups, and in addition, shall include at least the minimum services required under federal laws and rules and regulations to obtain federal matching funds for such purposes.

The commissioner is authorized and empowered, at such times as he may determine feasible, within the limits of appropriated funds for any fiscal year, to extend the scope, duration, and amount

of medical assistance on behalf of these groups of categorical assistance recipients, related groups as are mandatory, and foster children authorized pursuant to section 3i. (7) of this act, so as to include, in whole or in part, the optional medical services authorized under federal laws and rules and regulations, and the commissioner shall have the authority to establish and maintain the priorities given such optional medical services; provided, however, that medical assistance shall be provided to at least such groups and in such scope, duration, and amount as are required to obtain federal matching funds.

The commissioner is further authorized and empowered, at such times as he may determine feasible, within the limits of appropriated funds for any fiscal year, to issue, or cause to be issued through the Division of Medical Assistance and Health Services, all necessary rules, regulations and administrative orders, and to do or cause to be done all other acts and things necessary to implement and administer demonstration projects pursuant to Title XI, section 1115 of the federal Social Security Act, including, but not limited to waiving compliance with specific provisions of this act, to the extent and for the period of time the commissioner deems necessary, as well as contracting with any legal entity, including but not limited to corporations organized pursuant to Title 14A, New Jersey Statutes (N. J. S. 14A:1-1 et seq.), Title 15, Revised Statutes (R. S. 15:1-1 et seq.) and Title 15A, New Jersey Statutes (N. J. S. 15A:1-1 et seq.) as well as boards, groups, agencies, persons and other public or private entities;

c. To administer the provisions of this act;

d. To make reports to the federal Department of Health and Human Services as from time to time may be required by such federal department and to the New Jersey Legislature as hereinafter provided;

e. To assure that any applicant, qualified applicant or recipient shall be afforded the opportunity for a hearing should his claim for medical assistance be denied, reduced, terminated or not acted upon within reasonable time;

f. To assure that providers shall be afforded the opportunity for an administrative hearing within a reasonable time on any valid complaint arising out of the claim payment process;

g. To provide safeguards to restrict the use or disclosure of information concerning applicants and recipients to purposes directly connected with administration of this act;

h. To take all necessary action to recover any and all payments incorrectly made to or illegally received by a provider from such provider or his estate or from any other person, firm, corporation, partnership or entity responsible for or receiving the benefit or possession of the incorrect or illegal payments or their estates, successors or assigns, and to assess and collect such penalties as are provided for herein;

i. To take all necessary action to recover the cost of benefits incorrectly provided to or illegally obtained by a recipient, including those made after a voluntary divestiture or real or personal property or any interest or estate in property for less than adequate consideration made for the purpose of qualifying for assistance. The division shall take action to recover the cost of benefits from a recipient, legally responsible relative, representative payee, or any other party or parties whose action or inaction resulted in the incorrect or illegal payments or who received the benefit of the divestiture, or from their respective estates, as the case may be and to assess and collect the penalties as are provided for herein, except that no lien shall be imposed against property of the recipient prior to his death except in accordance with section 17 of P. L. 1968, c. 413 (C. 30:4D-17). No recovery action shall be initiated more than five years after an incorrect payment has been made to a recipient when the incorrect payment was due solely to an error on the part of the State or any agency, agent or subdivision thereof;

j. To take all necessary action to recover the cost of benefits correctly provided to a recipient from the estate of said recipient in accordance with sections 6 through 12 of this amendatory and supplementary act;

k. To take all reasonable measures to ascertain the legal or equitable liability of third parties to pay for care and services (available under the plan) arising out of injury, disease, or disability; where it is known that a third party has a liability, to treat such liability as a resource of the individual on whose behalf the care and services are made available for purposes of determining eligibility; and in any case where such a liability is found to exist after medical assistance has been made available on behalf of the individual, to seek reimbursement for such assistance to the extent of such liability.

l. To compromise, waive or settle and execute a release of any claim arising under this act including interest or other penalties, or designate another to compromise, waive or settle and execute a release of any claim arising under this act. The commissioner or his designee whose title shall be specified by regulation may compromise, settle or waive any such claim in whole or in part, either in the interest of the Medicaid program or for any other reason which the commissioner by regulation shall establish;

m. To pay or credit to a provider any net amount found by final audit as defined by regulation to be owing to the provider. Such payment, if it is not made within 45 days of the final audit, shall include interest on the amount due at the maximum legal rate in effect on the date the payment became due, except that such interest shall not be paid on any obligation for the period preceding September 15, 1976. This subsection shall not apply until federal financial participation is available for such interest payments;

n. To issue, or designate another to issue, subpoenas to compel the attendance of witnesses and the production of books, records, accounts, papers and documents of any party, whether or not that party is a provider, which directly or indirectly relate to goods or services provided under this act, for the purpose of assisting in any investigation, examination, or inspection, or in any suspension, debarment, disqualification, recovery, or other proceeding arising under this act;

o. To solicit, receive and review bids pursuant to the provisions of P. L. 1954, c. 48 (C. 52:34-6 et seq.) and all amendments and supplements thereto, by authorized insurance companies and non-profit hospital service corporations or medical service corporations, incorporated in New Jersey, and authorized to do business pursuant to P. L. 1938, c. 366 (C. 17:48-1 et seq.) or P. L. 1940, c. 74 (C. 17:48A-1 et seq.), and to make recommendations in connection therewith to the State Medicaid Commission;

p. To contract, or otherwise provide as in this act provided, for the payment of claims in the manner approved by the State Medicaid Commission;

q. Where necessary, to advance funds to the underwriter or fiscal agent to enable such underwriter or fiscal agent, in accordance with terms of its contract, to make payments to providers;

r. To enter into contracts with federal, State, or local governmental agencies, or other appropriate parties, when necessary to carry out the provisions of this act;

s. To assure that the nature and quality of the medical assistance provided for under this act shall be uniform and equitable to all recipients;

t. To provide for the reimbursement of State and county-administered skilled nursing and intermediate care facilities through the use of a governmental peer grouping system, subject to federal approval and the availability of federal reimbursement.

(1) In establishing a governmental peer grouping system, the State's financial participation is limited to an amount equal to the nonfederal share of the reimbursement which would be due each facility if the governmental peer grouping system was not established, and each county's financial participation in this reimbursement system is equal to the nonfederal share of the increase in reimbursement for its facility or facilities which results from the establishment of the governmental peer grouping system.

(2) On or before December 1 of each year, the commissioner shall estimate and certify to the Director of the Division of Local Government Services in the Department of Community Affairs the amount of increased federal reimbursement a county may receive under the governmental peer grouping system. On or before December 15 of each year, the Director of the Division of Local Government Services shall certify the increased federal reimbursement to the chief financial officer of each county. If

the amount of increased federal reimbursement to a county exceeds or is less than the amount certified, the certification for the next year shall account for the actual amount of federal reimbursement that the county received during the prior calendar year.

(3) The governing body of each county entitled to receive increased federal reimbursement under the provisions of this amendatory act shall, by March 31 of each year, submit a report to the commissioner on the intended use of the savings in county expenditures which result from the increased federal reimbursement. The governing body of each county, with the advice of agencies providing social and health related services, shall use not less than 10% and no more than 50% of the savings in county expenditures which result from the increased federal reimbursement for community-based social and health related programs for elderly and disabled persons who may otherwise require nursing home care. This percentage shall be negotiated annually between the governing body and the commissioner and shall take into account a county's social and health related expenditures and needs, and estimates of federal revenues to support county operations in the upcoming year, particularly in the areas of social and health related services.

(4) The commissioner, subject to approval by law, may terminate the governmental peer grouping system if federal reimbursement is significantly reduced or if the Medicaid program is significantly altered or changed by the federal government subsequent to the enactment of this amendatory act. The commissioner, prior to terminating the governmental peer grouping system, shall submit to the Legislature and to the governing body of each county a report as to the reasons for terminating the governmental peer grouping system;

u. The commissioner, in consultation with the Commissioner of Health, shall:

(1) Develop criteria and standards for comprehensive maternity or pediatric care providers and determine whether a provider who requests to become a comprehensive maternity or pediatric care provider meets the department's criteria and standards;

(2) Develop a program of comprehensive maternity care services which defines the type of services to be provided, the level of services to be provided, and the frequency with which qualified applicants are to receive services pursuant to P. L. 1968, c. 413 (C. 30:4D-1 et seq.);

(3) Develop a program of comprehensive pediatric care services which defines the type of services to be provided, the level of services to be provided, and the frequency with which qualified applicants are to receive services pursuant to P. L. 1968, c. 413 (C. 30:4D-1 et seq.);

(4) Develop and implement a system for monitoring the quality and delivery of comprehensive maternity and pediatric care services

and a system for evaluating the effectiveness of the services programs in meeting their objectives;

(5) Establish provider reimbursement rates for the comprehensive maternity and pediatric care services;

v. The commissioner, jointly with the Commissioner of Health, shall report to the Governor and the Legislature no later than two years following the date of enactment of P. L., c. . . . (C.) (now pending before the Legislature as this bill) and annually thereafter on the status of the comprehensive maternity and pediatric care services and their effectiveness in meeting the objectives set forth in section 1 of P. L., c. . . . (C.) (now pending before the Legislature as this bill), accompanying the report with any recommendations for changes in the law governing the services that the commissioners deem necessary."

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 5, 1987. }

ASSEMBLY COMMITTEE SUBSTITUTE FOR
ASSEMBLY BILL NO. 823 SCA

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Committee Substitute for Assembly Bill No. 823 Sca with my objections for reconsideration.

This bill provides for a tax amnesty period of 90 days to be designated within the year following enactment during which delinquent tax obligations may be satisfied with interest at 9% per annum, but without civil or criminal penalty. I have serious reservations about the wisdom of relaxing penalties on tax evaders to accelerate collection of revenue. I firmly believe that tax laws should be vigorously enforced and that the knowledge that tax delinquents will be ultimately discovered and penalized is the surest guarantee that our taxes will be fully collected. I am willing, however, to approve a modified version of this bill for two basic reasons. First, my recommendations will provide increased penalties and improved enforcement mechanisms as to tax debts occurring after December 31, 1986. Second, the Legislature has made it abundantly clear that it considers tax amnesty to be the only acceptable source of revenue not anticipated in my budget for the 1988 Fiscal Year to provide sorely needed assistance to our municipalities.

I have always favored a comprehensive solution to the problems that have confronted New Jersey municipalities formulating their 1987 budgets. Specifically, I favor funding additional State aid for municipal police services at a level of \$30 million, supplementing the Municipal Tax Assistance Fund by an additional \$30 million and increasing the funding level of the Distressed Cities program by \$25 million over the \$20 million I have already proposed in my 1988 budget. I have stated that these proposals, totaling an additional \$85 million in aid, were contingent upon the complete repeal of Chapter 304 of the Public Laws of 1985 (the Ford bill). This would create a stable source of funding for continuation of this needed property tax relief, as well as avert the layoff of essential personnel. The remaining revenue generated by repeal would permit legislation exempting persons with incomes under \$10,000 from payment of the State income tax or, if the Legislature chooses, additional homestead rebate relief of \$75 million. I have also indicated that I would agree to replace lost federal revenue sharing funds to municipalities and counties from the proceeds of tax amnesty legislation as part of a comprehensive program including the repeal of Chapter 304.

The time is late and the deadline for adoption of local budgets has already been extended to March 13. The mayors have their backs to the fiscal wall. We can afford to wait no longer. The Legislature, throughout this period, has refused to act to provide assistance to municipalities, except from onetime revenue generated by tax amnesty. At this time, therefore, only the most pressing needs can be addressed and only for one year. The Legislature, by not acting responsibly, will face the same issue in the same atmosphere of crisis again next year.

The time is late. This problem must be confronted now. Both Houses of the Legislature are scheduled to meet next Monday. I am asking both Houses to remain in session until this problem is resolved.

My recommendations restore an appropriation of \$1.5 million, deleted by the Senate Revenue Finance and Appropriations Committee, to the Department of Law and Public Safety for prosecution of criminal tax matters and civil tax enforcement and collection. They also limit the availability of tax amnesty to taxes due and owing as of December 31, 1986 to prevent taxpayers from taking conscious advantage of the anticipated amnesty period to allow their taxes to fall delinquent. I have also designated the purpose for which the realistically expected proceeds of tax amnesty should be devoted. Our tax administrators have advised me that \$50 million is a responsible estimate of the amount of revenue not already anticipated from ordinary tax enforcement that amnesty will produce in the 1988 Fiscal Year from taxes which flow to the General Fund without restriction or to the Property Tax Relief Fund. I have earmarked this amount to fund expansion of the Distressed Cities Program under the Special Municipal Aid Act (Senate Bill No. 3023) which I am prepared to approve with only a nominal appropriation from the General Fund. Similarly, if these recommendations are enacted, I am prepared to approve Assembly Bill No. 3757, which expands the Supplemental Safe and Clean Neighborhoods Program, with a reduced appropriation of \$12 million from the General Fund. Should actual experience yield an amount greater than \$50 million from tax amnesty, I would be willing to consider a supplemental appropriation of the excess amount.

Therefore, I herewith return Assembly Committee Substitute for Assembly Bill No. 823 Sea and recommend that it be amended as follows:

Page 57, Section 66, Line 3: After line 3 insert new section 67 as follows: "There is appropriated to the Division of Law and the Division of Criminal Justice in the Department of Law and Public Safety the sum of \$1,500,000.00 for the purpose of prosecuting criminal tax matters and assisting in civil tax enforcement and collection actions."

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 11, 1987. }

ASSEMBLY BILL NO. 3221

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 3221 with my objections, for reconsideration.

Assembly Bill No. 3221 would require the State Treasurer to notify the Senate Revenue, Finance and Appropriations Committee and the General Assembly Appropriations Committee, or their successors, of the sale of surplus State properties. The State Treasurer would be required to provide notice at least 30 days before a sale is considered by the State House Commission. Notice must include information regarding the amount that the State anticipates receiving from a sale and the manner in which the Former administering State agency plans to expend the proceeds from the sale.

I support the basic concept expressed in Assembly Bill No. 3221. This bill would give the legislative committees responsible for the State's fiscal matters notice of an anticipated sale of surplus State

property before the approval process begins. However, while I support the basic concept expressed in Assembly Bill No. 3221, the bill must be amended in several areas. These amendments will not only ensure that the intent of Assembly Bill No. 3221 will be carried forward, but will also ensure that the procedure by which surplus State property is sold will continue to function smoothly.

The title to Assembly Bill No. 3221 is misleading, as the title does not accurately reflect the body of the bill. Assembly Bill No. 3221 requires that the State Treasurer shall provide notice to the Senate Revenue, Finance and Appropriations Committee and to the General Assembly Appropriations Committee, or their successors, of the sale of surplus State properties, the amount the State anticipates to receive from any sale and the manner in which a State agency plans to expend the proceeds from a sale. The title to Assembly Bill No. 3221 does not announce that the bill pertains to notice to the Legislature, but announces that Assembly Bill No. 3221 pertains to legislative review and legislative approval of State agency use of funds derived from the sale of surplus State properties. The body of Assembly Bill No. 3221 does not address the issues of legislative review and approval. The body of Assembly Bill No. 3221 addresses the issue of notice. As such, all reference in the title to legislative review and approval should be deleted, and language pertaining to notice to the Legislature should be inserted.

The scope of the basic notice provision in Assembly Bill No. 3221 requiring the State Treasurer to notify the Senate Revenue, Finance and Appropriations Committee and the General Assembly Appropriations Committee, or their successors, is too narrow. The Department of the Treasury only monitors the sale of surplus State properties for which State House Commission approval is required. I am advised that there are instances where a State agency is not required to obtain State House Commission approval before selling a parcel of surplus State property. To ensure that the Senate Revenue, Finance and Appropriations Committee and the General Assembly Appropriations Committee, or their successors, receive notice of the proposed sale of all surplus State properties, I recommend that Assembly Bill No. 3221 be amended to require a State agency that does not have to receive State House Commission approval to notify the Senate Revenue, Finance and Appropriations Committee and the General Assembly Appropriations Committee, or their successors, before consummating a sale of surplus State property. I also recommend that Assembly Bill No. 3221 be amended to limit the State Treasurer's basic notice obligation to the sale of surplus State properties requiring State House Commission approval.

The provision of Assembly Bill No. 3221 requiring the State Treasurer to notify the Senate Revenue, Finance and Appropriations Committee and the General Assembly Appropriations Committee, or their successors, of the amount that is expected to be received from a sale of surplus State property at least 30 days

before any action by the State House Commission is unnecessary. At this early point in the process, it is quite difficult to ascertain the amount that will be received from the sale of most surplus State property, as most surplus State property is sold at public auction. As such, this provision should be of minimal assistance to the Senate Revenue, Finance and Appropriations Committee and to the General Assembly Appropriations Committee, or their successors, but will create an additional, but unnecessary, administrative obligation for the State Treasurer. For this reason, I recommend that this provision be deleted from the bill.

The provision of Assembly Bill No. 3221 requiring the State Treasurer to notify the Senate Revenue, Finance and Appropriations Committee and the General Assembly Appropriations Committee of a State agency's intended use of the proceeds from a sale at least 30 days before State House Commission action, on some occasions, could result in the imprudent use of proceeds from a sale. The procedure for selling surplus State property is a very long procedure, especially if legislative ratification is necessary. In most instances, the procedure takes at least one year before a sale may be consummated. As such, it is unwise to require that the proceeds from a proposed sale be committed for a particular purpose so early in the process, as a State agency's priorities may charge with the passage of time. For this reason, I recommend that this provision be deleted from Assembly Bill No. 3221.

Finally, I am concerned that the provision of Assembly Bill No. 3221 requiring the State Treasurer to notify the Senate Revenue, Finance and Appropriations Committee and the General Assembly Appropriations Committee, or their successors, of a proposed sale of surplus State property at least 30 days before any scheduled action by the State House Commission will impede the process by which surplus State property is sold. I interpret the 30 days notice provision to mean that if the State Treasurer does not notify the appropriate legislative committees of a proposed sale at least 30 days before an upcoming State House Commission meeting, the Commission would not be able to consider that parcel at the upcoming meeting, and would have to delay consideration of that parcel until the next meeting. The State House Commission meets only quarterly. As such, the 30 days notice provision could have the effect of unnecessarily delaying a sale of surplus State property by at least three months. I recommend that the 30 days notice provision be deleted from Assembly Bill No. 3221.

Accordingly, I herewith return Assembly Bill No. 3221, and recommend that it be amended as follows:

Page 1, Title, Line 1-2: Omit "legislative review and approval of State agency use of funds derived from" INSERT "notification to the Legislature of"

Page 1, Section 1, Line 1: After "1." INSERT "a."

Page 1, Section 1, Lines 4-6: Omit " , the amount the State

anticipates to receive from any" on line 4; omit line 5 in its entirety; omit "the proceeds from the sale" on line 6

Page 1, Section 1, Line 7: Omit "at least 30 days"

Page 1, Section 1, Line 9: After "," INSERT "The State Treasurer shall be required to notify the Senate Revenue, Finance and Appropriations Committee and the General Assembly Appropriations Committee, or their successors, only in those instances where State House Commission approval is required before a sale of surplus State property is consummated."

b. State agencies that are not required to obtain State House Commission approval before selling surplus State property shall notify the Senate Revenue, Finance and Appropriations Committee and the General Assembly Appropriations Committee, or their successors, of the sale of surplus State property before a sale is consummated.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

STATE OF NEW JERSEY,

ASSEMBLY COMMITTEE SUBSTITUTE FOR
ASSEMBLY JOINT RESOLUTION No. 10 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Committee Substitute for Assembly Joint Resolution No. 10 (OCR) with my objections for reconsideration.

This Assembly Joint Resolution establishes the Cardiac Rehabilitation Services Study Commission to study the need for and availability of cardiac rehabilitation services in New Jersey, to evaluate the need for services to prevent coronary artery disease and maintain the optimal health of individuals with coronary heart disease, and to examine provider reimbursement issues with respect to cardiac rehabilitation services, including the State's responsibility to provide these services to its indigent citizens. I whole-

heartedly support the creation of this Commission and note that early treatment of heart disease through expanded cardiac rehabilitation services can be a major force in combating the rising costs of hospitals and medical services.

I am troubled, however, by the restraint placed upon my involvement with respect to the creation of this temporary Commission. The Commission is to include 15 members representing a broad range of medical, health care and insurance experts including two members of the Senate to be appointed by the President thereof, no more than one of whom shall be of the same political party; two members of the General Assembly to be appointed by the Speaker thereof, no more than one of whom shall be of the same political party; and seven public members to be appointed by the Governor with the advice and consent of the Senate. Among the public members there shall be representatives of the medical and health care facilities services industry, including three specialists in the treatment of cardiac disease to be appointed upon the recommendation of the Medical Society of New Jersey; the health care insurance industry; and the public at large, who shall be chosen from among persons who by reason of their professional or individual experience are familiar with the care of persons with heart disease.

While I respect the ability of the President of the Senate and the Speaker of the General Assembly each to select two qualified members of their respective Houses to serve on the Commission, as I have noted in the past, I believe they should also respect my selection of seven qualified public members without the necessity of submitting these individuals to the Senate for confirmation. Moreover, I feel compelled to point out that all appointments to this Commission must be made within 60 days after the effective date of this Joint Resolution. Given this time frame, I can only conclude that the use of advice and consent, especially when it is applied to temporary study commissions such as this, does more to delay a commission's establishment than to insure the appointment of qualified individuals.

Therefore, I herewith return Assembly Committee Substitute for Assembly Joint Resolution No. 10 (OCR) and recommend that it be amended as follows:

Respectfully,
/s/ THOMAS H. KEAN,
Governor.

Attest:
/s/ MICHAEL R. COLE,
Chief Counsel.

Mr. Haytaian moved that the message be spread in full upon the minutes. Which motion was adopted.

ASSEMBLY BILL No. 3758

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 3758 without my approval.

This bill would create the General Revenue Sharing Replacement Fund for monies received from the tax amnesty program that is contemplated by legislation already conditionally vetoed by me, passed again by the Legislature, and signed into law with my recommendations.

This bill stipulates that from the General Revenue Sharing Replacement Fund up to \$26 million would be appropriated to counties for their loss of federal revenue sharing, with each county receiving a proportional share of what it has lost. Counties would be able to receive this money to the extent that the tax amnesty program generates as much as \$26 million over an initial \$67.6 million, which is earmarked for municipalities by separate legislation I am also vetoing.

My action in signing a conditional veto of the tax amnesty legislation contained in Assembly Bill No. 823 makes impossible the distribution of tax amnesty proceeds as stipulated in this bill. As I have stated repeatedly, our tax administrators have advised that \$50 million is a responsible estimate of the amount of revenue not already anticipated from ordinary tax enforcement that amnesty will produce in the 1988 Fiscal Year from taxes which flow to the General Fund without restriction or to the Property Tax Relief Fund. In short, the funding source for this bill does not exist.

Had the Legislature repealed Chapter 304 of the Public Laws of 1985 (the Ford bill), I would have been willing to consider aid to municipalities and counties for replacement of lost revenue sharing

funds from the proceeds of a tax amnesty program. It became clear, however, that the Legislature was unwilling to repeal the Ford bill, leaving me with no choice but to provide assistance to the neediest municipalities by funding the Distressed Cities Program through tax amnesty proceeds. The action of the Legislature also forces me to veto Senate Bill No. 2820 (Assembly Reprint), which would have provided aid to municipalities for lost revenue sharing from tax amnesty proceeds.

Accordingly, I herewith return Assembly Bill No. 3758 without my approval.

Respectfully,
/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY COMMITTEE SUBSTITUTE FOR
ASSEMBLY BILL NO. 2926 (OCR)
SENATE REPRINT

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Senate Reprint of the Assembly Committee Substitute for Assembly Bill No. 2926 (OCR) with my objections, for reconsideration.

As I indicated in my conditional veto statement to Senate Reprint of Assembly Bill No. 2927 (2nd OCR) which is the companion to this bill, the creation of effective State-operated school districts is absolutely imperative if we seek improvement in our school districts in crisis. This bill lays out the important steps which precede the creation of a State-operated school district.

A new subsection, which I cannot accept, was added to the bill by the Senate. This provision concerns the provision of additional funds to a district in Level III monitoring. It requires the Commissioner of Education and the Director of the Division of Local Government Services in the Department of Community Affairs to make determinations concerning the cost to a local school district of implementing corrective action to achieve certification and the maximum amount of revenue which can be derived locally without imposing an unreasonable tax burden. State aid, subject to the availability of funds, would be paid to the district to make up any difference between costs and revenues. Annually thereafter until certification is achieved, the district would be entitled to similar State assistance as determined by the commissioner and the director.

My difficulty with this subsection lies with the fact that the school budget is only one component of an entire municipal budget. I believe that an entire municipal budget should be reviewed for municipal overburden, not just one component. This type of analysis is regularly performed by the Division of Local Government Services in the Department of Community Affairs when reviewing requests for distressed cities aid. Since municipalities already have the ability to have their municipal budgets reviewed for tax overburden, and because I believe it is inappropriate to allow such review for only one component of a municipal budget, I recommend deletion of this subsection.

In addition to making several other technical corrections in this bill, I also recommend a clarification of the process which occurs before a district may become State-operated. I believe the Commissioner of Education should have the option of choosing, after a comprehensive compliance investigation has been conducted, between ordering specific corrective actions in the district or proceed-

ing to a recommendation to the State Board of Education that the district become State-operated. In the legislative debate on this bill, it has become apparent that some have erroneously interpreted the bill as requiring the Commissioner, upon completion of a comprehensive compliance investigation, to recommend the creation of the State-operated school district. These amendments are intended to correct this misunderstanding of the bill's intention.

I have also added a provision that upon the direction that a comprehensive compliance investigation be conducted, the Commissioner may order any necessary action to provide for the security of school records. This provision is essential in order to insure that the comprehensive compliance investigation be as thorough and fair as possible. Lastly, I recommend a clarification of section two of the bill to emphasize that any recommendations which the Level III review team may make concerning factors external to the schools which may contribute to the district's deficiencies must be limited to measures designed to mitigate the effects of those external factors in the schools.

Therefore, I herewith return Senate Reprint of the Assembly Committee Substitute for Assembly Bill No. 2926 (OCR) and recommend that it be amended as follows:

Page 3, Section 2, Line 50: After "and" insert "may".

Page 3, Section 2, Line 51: After "factors" insert "in the schools".

Page 3, Section 2, Lines 66C: After "Education." insert "If the commissioner directs that a comprehensive compliance investigation be conducted, the commissioner may order any necessary action to insure the security of the books, papers, vouchers and records of the district."

Page 3, Section 2, Line 75: After "implementing" delete "the" insert "a".

Page 4, Section 2, Lines 99-112: Delete in entirety.

Page 5, Section 3, Line 13: Before "the" insert: "it is necessary to take corrective action, the commissioner shall have the power to order necessary budgetary changes within the district or other measures the commissioner deems appropriate to establish a thorough and efficient system of education with the exception of the creation of a State-operated school district. The commissioner shall assure that the local district's budget provides the resources necessary to implement the order. If the commissioner determines that".

Page 5, Section 4, Lines 9-10: Delete "issued a corrective action plan" insert "directed a comprehensive compliance investigation".

ASSEMBLY BILL NO. 2927 (2ND OCR)
SENATE REPRINT

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Senate Reprint of Assembly Bill No. 2927 (2nd OCR) with my objections, for reconsideration.

This bill before it was amended in the Senate, along with its companion, Senate Reprint of the Assembly Committee Substitute for Assembly Bill No. 2926 (OCR), represents the best hope for the education of children in school districts which continue year after year to fail to provide a thorough and efficient system of education. Such districts are in crisis. It is a crisis which has children as innocent victims and which deserves our best and unselfish efforts. In expressing its views on this issue, the public has demanded nothing less.

I view the crisis in education in these failing school districts as nothing less than an emergency. As an emergency, it requires a marshalling of authority, resources and personnel so as to insure that only the best is provided to the children in a district in dire need of repair. The bill presented to me does not give the children of these districts our best. I will not settle for less.

Some compromises have been reached as the bill progressed through the Legislature. However, I have never waived in my conviction that traditional tenure proceedings for principals in State-operated districts are unacceptable. The presence of effective, high quality principals is vital to the improvement of instruction in a school building and the eventual certification of the district. Unfortunately, traditional tenure hearings allow marginally acceptable principals to hold on to their positions. Marginally acceptable principals are not good enough. We cannot expect to turn around educationally bankrupt districts with such administrators. I cannot accept the present version of this bill which would require traditional tenure hearings for principals in State-operated districts and thus would allow administrators of at best borderline competence to direct these troubled schools. Accordingly, I am restoring the portion of the bill concerning principals to read as it did when the General Assembly first passed the bill.

In making this change I am not unmindful of the due process argument made by opponents to this bill. However, due process is a dynamic term. It is not cast in stone. The amount of process due to an individual depends upon the situation. Simply put, what process is "due" depends on the social desirability of the objects sought to be achieved balanced against the potential individual deprivation. It is my strong belief that the crisis found in

failing school districts requires a more flexible approach to determining who shall lead the schools back to sound educational practices. The traditional tenure laws, which are only one type of due process, must be altered so that a new and appropriate mechanism providing a different form of due process will be in place for this modern dilemma. We cannot rely upon business as usual in an emergent situation.

In balancing the needs and rights of the children held hostage in pervasively deficient school systems with those of the educational leaders who claim to have been "serving" those children, I must come down on the side of the children. New Jersey must not permit educational child abuse. The State simply must have strong powers in order to correct years of failure and neglect, without sacrificing the future of another generation of children.

I have also made some technical amendments to the bill, including a clarification of the terminology used to define the top level central administrators whose positions would be abolished immediately upon issuance of an order creating a State-operated school district.

Therefore, I herewith return Senate Reprint of Assembly Bill No. 2927 (2nd OCR) and recommend that it be amended as follows:

Prior to the dismissal, the State district superintendent shall give the principal written notice of the dismissal. Prior to the effective date of the dismissal, the principal shall have the opportunity to meet with the State district superintendent in order to be heard on any reason why the dismissal should not occur. The State district superintendent shall provide the principal with written notice of finalization of the dismissal or recall of the dismissal notice. The dismissal shall take effect immediately upon finalization and shall terminate all employment rights including, but not limited to, salary and benefits with the exception of pension rights. Any tenured building principal dismissed pursuant to the provisions of this section may appeal to the commissioner and seek reinstatement by requesting a hearing. The request must be made within 10 days of the effective date of the dismissal. In the hearing before the commissioner, the State district superintendent shall bear the burden of proving that the dismissal of the appellant by the State district superintendent was reasonable. Evaluations of the building principal conducted by district personnel prior to the establishment of the State-operated district shall not be admissible in the hearing. Any tenured building principal dismissed pursuant to the provisions of this section shall be entitled to assert a claim to any other position or to placement upon a preferred eligibility list for any other position to which the principal may be entitled by virtue of seniority within the district. No person dismissed from the position of principal pursuant to the provisions of this statute shall retain any right to tenure and seniority in the position of principal. Tenured building principals who are not dismissed pursuant to the procedures provided herein after completion of the assessment cycle shall not be dismissed except pursuant to the provisions of N.J.S. 18A:6-10 et seq."

Assembly Bill No. 3682

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the New Jersey Constitution, I herewith return Assembly Bill No. 3682 without my approval.

This bill would require the Board of Trustees of the Police and Firemen's Retirement System (PFRS) to grant Mr. Ronald Wilhemy an accidental disability retirement allowance. I commend the sponsors for the compassion they have demonstrated in desiring to aid this worthy law enforcement officer who was seriously disabled while serving the public.

However, I have been advised that on April 28, 1987 the Board of Trustees of the PFRS granted Mr. Wilhemy an accidental disability retirement allowance, retroactive to June 1, 1984. Therefore, there is no need for this legislation.

Accordingly, I herewith return Assembly Bill No. 3682 without my approval.

Respectfully,
/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY COMMITTEE SUBSTITUTE FOR
SENATE COMMITTEE SUBSTITUTE FOR
SENATE BILL NOS. 1942, 1922 AND
ASSEMBLY BILL NO. 494 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the New Jersey Constitution, I herewith return Assembly Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 1942, 1922 and Assembly Bill No. 494 (OCR) without my approval.

This bill allows eligible volunteer fire fighters, first aid and rescue squad members to take an additional \$1,000 personal exemption as a deduction from their New Jersey gross income.

The purpose of this bill is to reward volunteer fire and rescue squad workers for the vital function they perform. I commend the sponsors for their desire to provide recognition to these worthy individuals. However, while volunteer activity should be encouraged, the incentive for such activity should not be intermingled with tax policy. Permitting volunteer fire and rescue workers to take this exemption could set a precedent regarding tax exemptions for all volunteer organizations. It would be difficult to determine which volunteer organizations are the most worthy of the type of tax benefits granted under this bill.

This bill would provide individual taxpayers eligible for the deduction with a benefit of \$25 to \$35 in the year the deduction is taken. While the benefit to any individual taxpayer is small, in the aggregate, this bill would deplete the General Fund by \$1.8 million to \$2.2 million.

Further, I have been advised that the implementation of the provisions of this bill would create an administrative nightmare because there would be no way for the Division of Taxation in the Department of the Treasury to verify the number of hours worked by the volunteer fire and rescue squad members who would be eligible for the tax deduction provided by this bill.

As the individual benefits conferred by this bill are relatively small, and the administrative burden excessive, I recommend to the Legislature that it make better use of the money which would otherwise be spent under this legislation by making an appropriation to a worthwhile program benefiting volunteer emergency fire and rescue squads. Money spent on a program to support volunteer fire and rescue activities is more likely to have a significant impact on this group of volunteers rather than providing these persons with an individual financial benefit. Thus, I recommend

that the Legislature consider as an alternative to this program an additional appropriation to the Volunteer Emergency Service Organization Loan Fund administered by the Department of Community Affairs or to the Emergency Medical Services program in the Department of Health. These are examples of two worthy programs which would make a better use of State resources and provide a more meaningful benefit to the sacrificing men and women who volunteer their time, and often place their lives on the line, to serve their fellow citizens.

Accordingly, I herewith return Assembly Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 1942, 1922 and Assembly Bill No. 494 (OCR) without my approval.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

Senate Committee Substitute for Assembly Nos. 2342/2499, without reference.

On motion of Mr. Haytaian, the following bill was given second reading by special order:

Assembly Committee Substitute for Assembly Nos. 2342/2499.

Mr. Haytaian read the following statement:

STATEMENT

The General Assembly recognizes that the Senate has passed Senate Committee Substitute for Assembly Committee Substitute for Assembly Bill No. 2342/2499 of 1986 and that in so doing an issue has been raised with respect to the manner in which the Senate has notified the public that it would proceed to consider the bill at a time certain. It is to be noted that the Senate considered the bill at a time that had customarily been appointed for a quorum

call and not the consideration of bills on the Senate calendar. While the Senate has passed the bill by a 37-0 vote, the General Assembly is now asked to give final approval with the spectre of a procedural question upon the bill, a question, which if decided by a court in the affirmative, would void the action of both Houses. Notwithstanding this, and without approval of the propriety of the manner in which the Senate proceeded on the bill, the General Assembly moves to consider the bill on its substance.

On motion of Ms. Ogden, pursuant to Rule 124, Senate Committee Substitute for Assembly Nos. 2342/2499 was substituted for Assembly No. 4328 with which it is identical, and Ms. Ogden was added as cosponsor of Senate Committee Substitute for Assembly Nos. 2342/2499. Which motion was adopted.

Senate Committee Substitute for Assembly Nos. 2342/2499 was given third reading.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
August 3, 1987. }

ASSEMBLY COMMITTEE SUBSTITUTE FOR
ASSEMBLY BILL NO. 2020 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Committee Substitute for Assembly Bill No. 2020 (OCR) with my objections for reconsideration.

Assembly Committee Substitute for Assembly Bill No. 2020 (OCR) would make several amendments to the laws governing the Public Employees Retirement System (PERS), the Teachers' Pension and Annuity Fund (TPAF), and the Police and Firemen's Retirement System (PFRS) to permit members of these systems to

purchase credit for prior service with the United States Government in civilian employment or the military. This bill splits the cost of the purchase of civilian employment and military service with the United States Government between the retirement system members and their public employers. Thus, public employers would have to contribute to the benefits provided by this bill.

While I commend the sponsors of this bill for trying to provide for portability of service credit between this State and the United States Government, I am opposed to requiring public employers to pay any share of the cost arising from a pension system member's purchase of prior federal service. I take this position because many of the State's municipalities are struggling to pay for essential public services, let alone pay for the additional pension benefits provided by this bill. Were members of the PERS, TPAF and PFRS required to contribute only one-half of the cost of the purchase of their prior federal service, the cost to their public employers would be substantial. Moreover, I am concerned that this bill will encourage people to purchase credit for prior service rendered in other capacities outside of public service in New Jersey in order to take early retirements. It should be noted that there is no reciprocity with the United States Government for federal credit for prior service in New Jersey.

Although I am concerned about allowing members of the State-administered retirement systems to purchase credit for prior service with the United States Government, I would be willing to sign Assembly Committee Substitute for Assembly Bill No. 2020 (OCR) into law if the Legislature would amend it to provide that persons desiring to purchase credit for prior service with the United States Government pay the entire cost of the purchase. This will ensure that public employers are not burdened with the costs of the benefits provided by this bill. Therefore, I propose that the bill be amended to require members of the PERS, the TPAF and the PFRS to pay the full amount required for the purchase to their retirement system in order to purchase credit for prior service with the United States Government.

In addition, I believe that the bill should be amended to provide that the salary used to calculate the cost of the purchase be the pension system member's highest salary credited in the pension plan rather than the member's salary the time the purchase is made. The Division of Pensions advises me that allowing members of the PERS, the TPAF and the PFRS to purchase credit for prior public service rendered in another state and prior service with the federal government at a purchase price which is based on the member's salary at the time of the purchase creates a situation where a pension system member can purchase credit for prior service at an artificially low purchase price. For example, members of the PERS, TPAF, and PFRS who move from higher paying jobs to lower paying jobs, could wait until they are receiving a lower salary before purchasing credit for prior service in another

state government or the federal government so that the purchase could be made at a lower purchase price before retirement. When members of the PERS, the TPAF and PFRS purchase credit for prior service at a purchase price which is artificially low, they obtain benefits that their public employers and the other members of their retirement system must pay for. Thus, the law must be amended to require that when members of the PERS, the TPAF, and the PFRS purchase credit for prior public service rendered in another state and prior service with the United States Government, they do so at a purchase price which is based on their highest salary credited in the pension plan, rather than their salary at the time of the purchase.

In addition, I am concerned that the language in this bill is inconsistent with current law and a related Senate Bill, which is currently on my desk. Specifically, Assembly Committee Substitute for Assembly Bill No. 2020 (OCR) applies to all civilian employment with the United States Government, while Senate Bill No. 1976 only applies to a TPAF member's purchase of service for prior employment in a teaching capacity. Accordingly, I recommend that Assembly Committee Substitute for Assembly Bill No. 2020 (OCR) be amended to state that as to the TPAF, this bill only applies when a TPAF member purchases credit for prior service with the United States Government in a non-teaching capacity.

Accordingly, I herewith return Assembly Committee Substitute for Assembly Bill No. 2020 (OCR) and recommend that it be amended as follows:

Mr. Haytaian offered the following resolution, which was read by the Clerk and adopted:

Resolved, That pursuant to paragraph a. of Rule 20:6 the following Assembly bill, conditionally vetoed by the Governor, be and is hereby given first reading for the purpose of reenactment:

Assembly Committee Substitute for Assembly No. 2020 (OCR).

Further Resolved, That it be amended in accordance with the Governor's recommendations and advanced to second reading by special order.

Which was read by the Clerk and adopted.

The following bill, as amended pursuant to the Governor's recommendations, was given second reading by special order:

Assembly Committee Substitute for Assembly No. 2020 (OCR).

The Clerk read the following Absolute Veto message from the Governor:

Assembly No. 3358.

Mr. Haytaian moved that the message be spread in full upon the minutes. Which motion was adopted.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
August 3, 1987. }

ASSEMBLY BILL No. 3358

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 3358 without my approval.

This bill would appropriate \$3 million from the General Fund to the Borough of Manville in Somerset County for the purpose of repairing and upgrading the Borough's municipal sewerage system.

In 1985, the Legislature passed, and I approved, legislation which established the New Jersey Wastewater Treatment Trust and Wastewater Treatment Fund. Pursuant to this legislation, a mechanism for providing State aid to upgrade local wastewater systems was put into place with the idea that such aid be given out pursuant to an established priority list. It is through this Wastewater Treatment Program, as opposed to General Fund appropriations, that the State provides local entities with revenues for sewer rehabilitation purposes.

I have been provided no information which would justify the award of substantial General Fund monies to the Borough of Manville, which determined not to apply for funding through the established State Wastewater Treatment Program. Approval of this bill would evidence a complete disregard for established procedures and for the many other municipalities in this State who have applied for and are awaiting funding through placement on the priority list.

It is my understanding, however, that since the Borough's rehabilitation project is listed just beyond the fundable range for federal monies this year, it is in an excellent position to receive funding through the State Program next year.

Accordingly, I herewith return Assembly Bill No. 3358 without my approval.

Respectfully,
/s/ THOMAS H. KEAN,
Governor.

Senate Reprint for Assembly No. 2069 (4th OCR).

Mr. Haytaian moved that the message be spread in full upon the minutes. Which motion was adopted.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
September 7, 1987. }

SENATE REPRINT FOR
ASSEMBLY BILL No. 2069 (4TH OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 15 of the Constitution, I am appending to Senate Reprint for Assembly Bill No. 2069 (4th OCR) at the time of signing it my statement of the items, or parts thereof, to which I object so that each item, or part thereof, so objected to shall not take effect.

This bill provides a supplemental appropriation of \$600,000 from the General Fund to the Department of Transportation to conduct monorail feasibility studies and project proposal evaluations at nine separate locations around the State.

The Department, along with this Administration, has already evidenced a strong commitment to this new technology. In fact, the Department of Transportation recently awarded a six-month consultant contract to study the feasibility of operating a monorail from downtown Newark to Newark International Airport. In addition, the Department is currently conducting a study of mass transportation on the Hudson River Waterfront, including the potential for bus ways and light rail systems in this part of the State. These two studies, occurring at two of the locations named in this bill, are being conducted for amounts in excess of the appropriation set forth in Senate Reprint for Assembly Bill No. 2069 (4th OCR). The other seven studies may indeed be worth pursuing; however, the justification for additional programs must take into consideration that which is already being accomplished and should be developed and coordinated with the Department of Transportation's overall program for the improvement of mass transit in this State.

I am also reducing the bill's appropriation from \$600,000 to \$250,000. This sum is being provided to the Department of Transportation to fund those studies, deemed viable by the Department, which are not currently funded by the State.

Accordingly, I herewith append the following statement of objections to the sums, or parts thereof, appropriated by this bill:

Page 1, Section 1, Line 4B: Delete "\$600,000" insert "\$250,000".

Page 2, Section 1, Line 25B: Delete \$600,000" insert "\$250,000".

Page 2, Section 1, Line 30: Delete "at the".

Page 2, Section 1, Lines 31-37: Delete in their entirety.

Page 2, Section 1, Line 38: Delete "Gloucester counties".

Respectfully,

[SEAL]

/s/ THOMAS H. KEAN,

Attest:

Governor.

/s/ MICHAEL R. COLE,
Chief Counsel.

The Assembly Appropriations Committee reported the following bill favorably and as reported was given second reading:

Assembly No. 3695 Aca.

Mr. Haytaian offered the following resolution, which was read by the Clerk and adopted:

Resolved:

1. That printed copies of Assembly Concurrent Resolution No. 61 (OCR), entitled "A Concurrent Resolution proposing to amend Article VIII, Section I, paragraph 1 of the Constitution of the State of New Jersey," be placed upon the desks of the members of the House forthwith, and that a record of such action be made in the Minutes of the General Assembly.

2. That the Clerk of the General Assembly forward 40 copies of said Assembly Concurrent Resolution No. 61 (OCR) to the Senate with the request that the same be placed upon the desk of each Senator in open meeting forthwith.

The Clerk then caused to be placed on the desk of each member a copy of Assembly Concurrent Resolution No. 61 (OCR).

ASSEMBLY BILL No. 2222 (3RD OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 2222 (3rd OCR) with my objections for reconsideration.

This bill would vest extraordinary power and discretion in the State Department of Environmental Protection (DEP). It authorizes the DEP to close an industrial facility 1) where a facility's operator has a record of "continuing or recurring serious violations" of environmental quality laws at that facility; or 2) where a facility operator has not agreed to clean up a hazardous discharge at a facility for which he has been determined responsible after the hearing process has been exhausted; or 3) where a facility operator has failed to take appropriate action, as determined by the DEP, to clean up a hazardous discharge at a facility for which he is responsible, despite entry into a Consent Order with the DEP to do so.

I have no hesitancy whatsoever in embracing the concept which underlies this bill, namely, that property rights and private business interests must yield when necessary for the protection of our environment or public health. The protection of our precious environmental resources sometimes requires us to take drastic action. With this bill, the Legislature is sending a strong message to industry that we will not sacrifice our environment and public health for reasons of business convenience. In no situation is strong action more necessary than where the public health and environment are threatened by hazardous wastes.

However, I have two problems with this bill which must be corrected. First, while this bill requires our DEP regulations to strike a careful balance between private rights and public necessity, it does not detail the criteria that should apply in making that determination. Presently, the bill allows the DEP to close a facility, *inter alia*, where "continuing or recurring serious violations" have occurred at that facility. "Serious violations" are broadly defined as those which "may be harmful" to the environment or public health. Nothing in the bill, however, instructs DEP what level of probable harm must exist before the extraordinary measures allowed by the bill are implemented. Any chemical discharge, in a theoretical sense, may be potentially harmful; in reality, however, the potential for harm may be so remote or *de minimis* so as not to reasonably justify any drastic action. Therefore, I am recommending that the DEP only be allowed to exercise its authority to close a facility where the continued operation of the facility, in light of continuing or recurring past violations, poses

an unjustifiable threat to the environment or the public health. This power, coupled with the power to close facilities where the operation has failed to cleanup a discharge of hazardous substances after having admitted or having been found to be responsible to do so, will give our DEP the tools it needs to accomplish its mission.

Secondly, as amended by the full Senate, this bill would not take effect until the enactment of two other bills, both of which are currently under consideration by the Assembly. It is my belief that every piece of legislation should be considered and rise or fall on its own merits. Accordingly, from a policy perspective, I object to bills such as this which stipulate that one piece of legislation, though passed by the Legislature and signed by the Governor, cannot become effective until the occurrence of some future event relative to other, separate legislation. This is especially so where the legislation concerns the bestowal of regulatory powers to deal with hazardous waste. Having determined that it is appropriate to vest certain powers in DEP, we should act promptly to bestow the power rather than hold it in abeyance until a series of future events occur.

Therefore, I herewith return Assembly Bill No. 2222 (3rd OCR) and recommend that it be amended as follows:

Page 2, Section 2, Line 32: After "facility" insert "with the result that continued operation of the facility poses an unjustifiable threat to the environment or the public health"

Page 5, Section 5, Line 1: After "effect" insert "immediately"

Page 5, Section 5, Lines 2-5: Delete in their entirety.

Page 5, Section 5, Line 6: Delete "Bill No. 2297 of 1986)"

Respectfully,

[SEAL]

/s/ THOMAS H. KEAN,

Attest:

Governor.

/s/ MICHAEL R. COLE,
Chief Counsel.

ASSEMBLY BILL No. 2575 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 2575 (2nd OCR) with my objections for reconsideration.

Over the last several years, the reports of abuse in facilities such as schools, institutions and day care centers have been rapidly increasing. In response to this increase, Assembly Bill No. 2575 (2nd OCR) would amend the current child abuse law to confirm

and strengthen the authority of the Division of Youth and Family Services in the Department of Human Services to investigate allegations of abuse of children in institutions.

To address the problem of child abuse in institutional settings, Assembly Bill No. 2575 (2nd OCR) would add to the child abuse law three new categories of abuse and neglect applicable in an institution: 1) the willful isolation of a child from ordinary social contact under circumstances which indicate emotional or social deprivation; 2) the inappropriate placement of a child for a continued period of time with knowledge that the placement has resulted in harm to the child; and 3) the use of excessive restraint upon a child under circumstances which do not indicate that the child is harmful to himself, others or property. "Institution" is defined in the bill as a public or private facility which provides children with out-of-home care, supervision or maintenance including, but not limited to, a correctional facility, detention facility, treatment facility, day care center, day school, residential school, shelter and hospital.

I heartily applaud the intent of this legislation. I have long been concerned with the incidence of child abuse and neglect, a critical public problem which endangers not only the present health and safety of children but their future welfare as well. Children in institutions are particularly vulnerable.

While I stongly support the concept expressed in Assembly Bill No. 2575 (2nd OCR), I cannot sign the bill because of concerns raised by the Department of Education regarding its implementation in certain schools as well as other substantive problems which would seriously impair the bill as an effective instrument to prevent child abuse and neglect. Therefore, I must return Assembly Bill No. 2575 (2nd OCR) with the recommendation that it be amended as set forth herein.

Assembly Bill No. 2575 (2nd OCR) provides that the new categories of child abuse and neglect shall apply not only in correctional and residential facilities but regular public and private schools as well. The Department of Education is alarmed by the possibility that two of the new categories of child abuse and neglect may be applied inappropriately in regular school settings, thus hindering the functioning of our schools. For instance, application of the "willful isolation" category in a regular public school could seriously restrict the use of in-school suspension, a major strategy for temporarily dealing with disruptive students by removing them from the regular classroom environment. This term could also be construed to encompass such routine disciplinary procedures as detention and denial of prom or graduation ceremony privileges. The "inappropriate placement" category could have a devastating effect on school district assignment of students, particularly special education students, in cases where parents do not agree with district program or class assignments.

The Department of Human Services has informed me that regular public and private schools were never considered part of the problem which these new categories of child abuse and neglect were intended to address. In fact, the "willful isolation" and "inappropriate placement" categories were intended to apply only to children in other types of institutions such as correctional and residential treatment facilities. Accordingly, I recommend that, for purposes of the child abuse laws, day schools be treated separately from other types of institutions so that these two categories of child abuse and neglect will apply only to facilities other than day schools. I also recommend the addition of provisions to clarify that the "willful isolation" and "inappropriate placement" standards will not apply in a day school setting.

I recognize that there is a need to clarify that incidents of child abuse in day schools must be reported to the Division of Youth and Family Services and that the Division of Youth and Family Services has the authority to investigate such allegations. Apparently, there have been situations in which school boards, upon the advice of counsel, have determined that the current child abuse law does not encompass teachers, whose dealings with a child amount to less than 24-hour care and, therefore, that allegations of child abuse in the school need not be reported to the Division of Youth and Family Services.

I believe it advisable, therefore, that the bill clarify that New Jersey's child abuse law applies to any teaching staff member or other employee of a day school. The bill also contains a definition of the term "day school" to include any day public or private school providing general or special educational services to students from grades kindergarten through 12. It must be made clear that all persons charged with the care of children, in whatever capacity, are answerable for acts of abuse or neglect.

I have been advised that the Departments of Education and Human Services have been discussing the terms of a model for an affiliation agreement by local school districts and the Division of Youth and Family Services on the reporting and investigation of child abuse. The agreement is intended to assist in the development of a liaison relationship between the schools and the Division of Youth and Family Services and to provide guidelines to facilitate corrective action recommended as a result of a child abuse investigation. I commend the efforts of the Departments of Education and Human Services to develop this protocol to govern investigations of abuse.

However, because of the sensitivity with which child abuse must be investigated, I believe it preferable to have one uniform set of guidelines rather than an individual agreement in each school district. Therefore, I recommend that the Commissioner of Education be required, in consultation with the Commissioner of Human

Services, to adopt rules and regulations concerning the relationship, rights and responsibilities of the Division of Youth and Family Services and day schools regarding the reporting and investigation of allegations of child abuse.

Finally, I recommend certain technical changes to the provision concerning the suspension of an employee in an institution alleged to have committed an act of child abuse or neglect. This provision fails to delineate the respective roles of the appointing authority and the Division of Youth and Family Services in making a determination that there is reasonable cause to believe that the life or health of the alleged victim or other children in the institution is in imminent danger due to continued contact with the alleged perpetrator, and consequently, that grounds for suspension exist. Therefore, I am suggesting certain technical modifications to this provision to clarify that the appointing authority shall be responsible for determining whether there is reasonable cause to suspend such an employee.

In such circumstances, Assembly Bill No. 2575 (2nd OCR) would require that a presuspension hearing be held and a decision rendered within ten days of the date of suspension. While I understand the gravity of an allegation of child abuse, I believe that the bill's current time frame may pose an impossible administrative burden, especially if an employee waits a week or more to request a hearing. Accordingly, I recommend modification of the bill's hearing provision in order to allow employers some flexibility with regard to presuspension procedures, consistent with the requirements of due process.

With these modifications, Assembly Bill No. 2575 (2nd OCR) would, I believe, confirm and enhance the authority of the Division of Youth and Family Services with regard to child abuse in institutions and schools. Moreover, the bill would clarify the role of the Division of Youth and Family Services while removing the possibility that the "willful isolation" and "inappropriate placement" standards will be utilized inappropriately to interfere with normal school routines.

Therefore, I herewith return Assembly Bill No. 2575 (2nd OCR) and recommend that it be amended as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
November 23, 1987. }

ASSEMBLY BILL No. 4335

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 4335 with my objections for reconsideration.

This bill appropriates \$300,000 from the General Fund to the Rutgers' Agricultural Experiment Station to conduct an operative assessment of a 400-acre parcel of farmland recently donated to

the State for use as an agricultural experiment station. I am confident that this appropriation represents a wise investment by the State in that the monies will be used to further the important public policies of preserving open space and keeping a New Jersey farm in operation.

Despite my support for this appropriation, I am concerned because the language of the bill suggests that the entire appropriation will be used by the University to make a determination as to whether or not the property can be used as a research facility. It is my understanding that the University has already decided to accept the property and anticipates using the funds provided by this legislation not only to assess the future use of this property as an agricultural experiment station, but to plan and operate the farm for the remainder of this fiscal year as well. Due to a deficiency in drafting, however, the University will only be able to use the funds appropriated by this bill for assessment purposes.

In light of the fact that this is clearly not what is intended by the University and the fact that I believe these funds should be put to the fullest use possible, I recommend that the bill be amended to expand the authorized uses to include planning and operation, in addition to assessment.

Therefore, I herewith return Assembly Bill No. 4335 and recommend that it be amended as follows:

Page 1, Section 1, Line 6: After "assessment" insert ", planning and operation"

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
January 7, 1988. }

ASSEMBLY BILL No. 4001 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 834 without my approval.

This bill appropriates \$50,000 and establishes a 17-member Registered Professional Nurse Manpower Commission to evaluate the adequacy of the current and future supply of registered professional nurses and ancillary nursing personnel in New Jersey and make recommendations to insure that the supply of registered professional nurses and ancillary nursing personnel will be consistent with the protection of the public interest.

Pursuant to this legislation, members of the commission shall be appointed as follows: two members of the Senate, who shall not be members of the same political party, appointed by the President of the Senate; two members of the General Assembly, who shall not be members of the same political party, appointed by the Speaker of

the General Assembly; one member of the New Jersey Board of Nursing, appointed by the Governor; three registered professional nurses, appointed by the Governor, including one representative from each of the following organizations: the New Jersey State Nurses Association, the New Jersey League for Nursing, and the Organization of Nurse Executives of New Jersey; and nine public members appointed by the Governor, including one representative from each of the following organizations: the New Jersey Hospital Association, the Home Health Agency Assembly of New Jersey, Inc., the New Jersey Association of Health Care Facilities, the New Jersey Hospice Organization, the New Jersey Association of Deans and Directors of Baccalaureate and Higher Degree Programs, the New Jersey Council of Chairpersons of Associated Degree Programs, the Association of Diploma Schools of Professional Nursing and the Licensed Practical Nurse Association of New Jersey.

There is little doubt that creation of a commission to study the shortage of nurses in our State is of vital importance to the health and well-being of New Jersey citizens. I have been informed by my Department of Health that the crisis in nursing vacancies has now climbed to an average 17 percent vacancy rate in New Jersey hospitals. Beyond sheer numbers, I am especially disturbed by the fact that this shortage cuts broadly across the entire health care delivery system, including not only the acute care industry, but also the long-term care and home health care industries. I, therefore, wholeheartedly endorse the creation of such a commission to study this issue.

Several months ago, however, I was contacted by a number of nursing organizations in the State—proponents of this legislation—expressing concern that this commission be created expeditiously in order that it may address this mounting crisis as soon as possible. As a result of this request, on October 6, 1987, I signed Executive Order No. 179 creating the Nursing Shortage Study Commission to evaluate the adequacy of the current and future supply of registered professional nurses and ancillary nursing personnel in New Jersey and make recommendations to insure that the supply of nurses sufficiently meets the health care needs of the people of this State.

In light of the existence of the Nursing Shortage Study Commission, which essentially mirrors both the mandate and composition of the Commission created by this bill, I find this legislation to be duplicative and, therefore, unnecessary.

Accordingly, I herewith return Assembly Bill No. 4001 (OCR) without my approval.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
January 11, 1988. }

ASSEMBLY BILL No. 1784 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 13 of the Constitution, I herewith return Assembly Bill No. 1784 (2nd OCR) without my approval.

This bill is substantially like the last additional school building aid legislation which was enacted by Laws of 1978, Chapter 74. This bill authorizes additional State school building aid to be paid to eligible school districts to assist in the renovation and replacement of aged and deteriorated school buildings and the construction of new facilities. The State aid takes the form of debt service reimbursement, including principal and interest on school construction bonds issued by local school districts. The total value of the bonds for which the State aid would be payable may not exceed \$150,000,000 of which not more than \$35,000,000 may be allocated to the expansion and establishment of secondary vocational facilities for handicapped students. The bill further specifies the criteria by which the allocation of aid would be made.

Two serious policy concerns have been raised by the State Treasurer about this bill. First, by separating the program fund into individual, small bond issues, the Treasurer is concerned that there would be a duplication of effort and a much higher cost in the bond issuance process. Second, the Treasurer is not convinced that a bond issue to support school facility construction grants is the appropriate mechanism for dealing with the current school facility construction need, which has been variously estimated from \$500,000,000 to \$4,000,000,000. A pool of funds to set up a revolving loan program may be a more appropriate form of assistance for districts having a serious school facility need; however, the appropriate form of assistance for school facilities is dependant upon the size of the problem.

I am concerned about the vast discrepancy between the cost estimates provided on school facility needs. Even the smaller of the

two estimates is enormous given practical fiscal constraints. I believe that for a problem whose remediation is so costly, any assistance from the State should be targeted to repair of only the most serious health and safety problems. At present, I have no reliable data on the cost of addressing health and safety school facility needs. Given the magnitude of the problem and the current fiscal constraints of competing demands for limited State resources, we need to obtain information about what facility renovation and construction is required for health and safety reasons, as opposed to the cost of bringing all school facilities up to ideal standards, were the availability of funds not a consideration.

Accordingly, only when the true figure is determined, can the State contemplate providing assistance for districts to meet school facility construction needs. The size of that figure will drive the appropriate mechanism for providing such additional assistance. Accordingly, I have requested the Commissioner of Education to assess the statewide school facility construction need based solely on serious health and safety problems within existing schools and to report to me at his earliest opportunity. Once I have the benefit of the Commissioner's data, as well as his advice, I will be in a position to assess whether the State can provide additional assistance to districts facing serious educational facility problems, and the appropriate mechanism for providing such assistance.

Accordingly, I herewith return Assembly Bill No. 1784 (2nd OCR) without my approval.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

ASSEMBLY BILL No. 3343 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 3343 (2nd OCR) without my approval.

This bill establishes the "Veterans Home Health Care Demonstration Program" (Program) in the Department of Human Services. Assembly Bill No. 3343 (2nd OCR) requires the Commissioner of the Department of Human Services to solicit proposals for pilot projects to provide home health and homemaker services to frail, elderly or disabled veterans. The purpose of the Program is to enable these veterans to remain in their homes and communities and, thus, avoid placement in a nursing home or other long-term care facility.

Assembly Bill No. 3343 (2nd OCR) requires the Commissioner of the Department of Human Services to review the project proposals and approve and fund, within the limits of monies appropriated, three proposals which best meet the objectives of the Program. Assembly Bill No. 3343 (2nd OCR) contains an appropriation of \$1 million from the General Fund to implement the three pilot projects.

I commend the intent of the sponsors of this legislation. Each of us owes a special debt of gratitude to the men and women who have courageously served in our armed forces. Their acts in service of our country should never be forgotten.

However, the provision of home and community-based services is a matter of great importance, not only to veterans, but to all of New Jersey's elderly and disabled citizens. In the current legislative session, several proposals concerning the provision of home health services have been presented. Some of these measures target distinct segments of the population for the provision of services; others intend services to be provided to a broader portion of the elderly and disabled population. Some bills base eligibility for home health services upon an applicant's financial need; others determine eligibility on the basis of medical need.

Because of the diversity of approaches to the question of how to best serve the health needs of the elderly and disabled, I believe that the whole subject of home health care merits intensive review by the Legislature. Rather than address the need for home health care on a piecemeal basis, I believe that the most prudent course of action would be for the Legislature to examine the various options which have been presented. Such a review is necessary in order to gain a clearer understanding of how to best accomplish the objective of extending home and community-based services to those veterans, as well as other senior and disabled citizens, who are most in need, both financially and medically.

In addition, I note the concern of the Department of the Treasury that the attraction of eligible veterans to this Program could easily go beyond the available resources and require a large unanticipated increase in funding in subsequent years of operation. In light of the many varied demands for home health aid on finite State resources, I urge the Legislature to examine the question of the provision of home and community-based services to ensure that State monies are utilized to assist those most deserving and most in need.

Accordingly, I herewith return Assembly Bill No. 3343 (2nd OCR) without my approval.

Governor.

ASSEMBLY BILL No. 3817(OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 3817 (OCR) without my approval.

This bill requires an attending physician, registered professional nurse or county medical examiner to notify a funeral director whether or not a deceased individual suffered from or was suspected of suffering from acquired immune deficiency syndrome (AIDS) or any of the contagious, infectious or communicable diseases listed in N.J.A.C. 8:57-1.2. The bill also makes individuals who fail to comply with its provisions liable for compensatory and punitive damages, and attempts to provide a "good faith" defense to criminal or civil liability for those who do comply with the bill.

In recent years, AIDS has become one of the most visible and most discussed health problems in the country. Under these circumstances, it is entirely understandable that funeral directors should seek as many protections as possible against inadvertent exposure to infection. The Department of Health, by its regulations, currently requires physicians, schools and other institutions to report incidences of AIDS and AIDS-related complex (ARC) to the Department. It is certainly reasonable that where diagnostic information about an AIDS patient is available, such information should be disclosed to the funeral director responsible for handling and disposal of the person's remains.

However, I must return this bill without signature because of the numerous additional problems created by it. Most importantly, the bill requires certain health professionals to report to the funeral director the presence of AIDS, as well as over 6 other contagious, infectious or communicable diseases. It does not require the reporting of ARC, or the presence of human immunodeficiency virus (HIV), both of which may require that extra precautions be taken. Nor does it require the reporting of a number of other diseases or conditions which may present a health hazard to funeral directors but which are not included on the list of diseases reportable to the Department of Health under N.J.A.C. 8:57-1.2. There is a real danger that the absence of a report of one of the diseases specified in the bill will create a false sense of security that the bodily fluids of the deceased are free of disease, when in fact that is not the case. It is imperative that the list of diseases or conditions to be reported to funeral directors be as carefully defined as possible.

A related problem is posed by the requirement that the attending physician, registered nurse or county medical examiner state that, to the best of their knowledge, no such diseases or conditions exist. Such a statement cannot be made without a reasonable inquiry

to establish a basis for it, and it is virtually impossible to test every deceased for the more than 60 contagious, infectious or communicable diseases required to be reported by this bill. Failure to make such a statement will subject the attending health professional to liability for both compensatory and punitive damages pursuant to Subsection 1(b) of the bill. I believe it is both unfair and inequitable to impose such an onerous requirement on doctors, nurses and medical examiners.

The creation of an independent cause of action against anyone who fails to comply with the provisions of this bill raises additional concerns. Under the common law of this State, proof of violation of a statutory duty is only evidence of negligence, but does not constitute negligence in and of itself.

This bill imposes liability simply upon proof of a violation of its provisions, and takes away from doctors, nurses and others the opportunity to show that they were not, in fact, negligent. This subsection represents a significant departure from existing law and, again, appears to be unfair and inequitable to health professionals.

Nevertheless, the passage of this bill by the Legislature brings into sharp focus a real danger faced by funeral directors. The very nature of their work requires them to come into contact with bodily fluids of persons who may have contracted AIDS or one of many other infectious or communicable diseases. There is no question that funeral directors deserve all the protection that can be given to them. Where information with respect to a deceased individual is available which would help the funeral director protect himself and his staff from contagious, infectious or communicable diseases, including AIDS, AIDS-related complex or the presence of HIV, such information must be made available to the funeral director.

Unfortunately, there are simply too many problems with this particular bill and too little time left in the current legislative session to permit redrafting, even by means of a conditional veto. My staff will work with the Department of Health, representatives of the funeral directors and other interested parties to draft and prepare legislation for introduction in the next legislative session which will require accurate and timely notice to funeral directors of the presence of AIDS, AIDS-related complex, human immunodeficiency virus or other contagious or infectious diseases which can present a health hazard to those responsible for the handling and disposition of dead bodies.

Accordingly, I herewith return Assembly Bill No. 3817 (OCR) without my signature.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

ASSEMBLY BILL No. 3951

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 15 of the Constitution, I herewith return Assembly Bill No. 3951 without my approval.

This bill appropriates \$75,000 to the Department of Higher Education to provide a grant to the South Jersey Employer Education Consortium to supplant the loss of federal funding. The Consortium which is located at Glassboro State College is an organization composed of regional employers, educators and public officials. It endeavors to prepare students for future employment by establishing a network of exchange between the business community and certain educational, vocational and technical institutions. The Consortium was originally funded through the Department of Labor by a grant from the federal Job Training Partnership Act (JTPA). Because of a reduction in federal funding, the Department of Labor is unable to renew the organization's grant for the coming fiscal year.

This Administration has dedicated long hours and much hard effort to address the problem of job training within the State. Notably, I recently unveiled a new State Employment and Training Policy to better prepare our workforce for an economy undergoing profound transformation. This proposal resulted from recommendations made by the Task Force on Employment Policy. At the heart of this new policy is the idea that in today's economy, workers have to view training and education as a continuous life-long process. Toward that end, I proposed an expansion of our customized job training program, which tailors job training services to the needs of specific businesses. This proposal attempts to address what I view as wasteful and duplicative job training services currently provided throughout the State. Ultimately, I plan to coordinate all job training services through a State Commission that reports directly to the Governor's Office.

Despite my commitment to job training, however, I cannot support an appropriation for this individual program for several reasons. First, the Department of Labor advises me that, notwithstanding its laudable goals, the Consortium has not proven particularly effective during the last two years of JTPA funding.

Secondly, the Consortium seeks to address the needs of a regional clientele which is already served by existing State programs. Third, it is my understanding that to be fully operational, the Consortium will need substantial private sector funding and annual State appropriation. The State Budget, however, has its limits, and it cannot always be a source of revenue, especially where funding would do no more than duplicate existing State programs. Lastly,

we must caution against establishing a precedent of replacing federal funds in every case. Otherwise, we could never hope to achieve a balanced budget. To provide a source of revenue to a program which is perceived as duplicative in nature would defeat my future plans to coordinate and supervise job training in the State. It will also contribute to the wastefulness which I am diligently trying to eliminate in the area of job training.

While I recognize the problem identified by Assembly Bill No. 3951, I nonetheless must return it without my approval and urge the Legislature to procure alternative funding for this program.

Accordingly, I herewith return Assembly Bill No. 3951 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

ASSEMBLY BILL No. 4385 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 4385 (OCR) without my approval.

This bill appropriates approximately \$2.1 million from the General Fund and approximately \$2 million in federal matching funds to the Department of Human Services to enable the Division of Medical Assistance and Health Services to increase the Medicaid reimbursement rates to providers of dental services by 20 percent. These increases are retroactive to July 1, 1987 and would represent a permanent rate adjustment in the Medicaid reimbursement rates for dentists.

I understand that the number of dentists who accept Medicaid patients in New Jersey has steadily decreased over the past several years, and I can appreciate the hardship that this poses for the poor and especially the elderly in need of proper dental care. A program that is inaccessible to those who have no choice but to rely upon it provides few benefits and little comfort. Nevertheless, while I compliment the sponsors of this bill for their concern for Medicaid recipients, I do not believe that a supplemental appropriation is the appropriate mechanism for addressing any inadequacies that may exist in the State's Medicaid program.

I intend to address this serious issue in my Fiscal Year 1989 budget where all Medicaid provider reimbursement rates can be reviewed in a more comprehensive manner consistent with available funding. Furthermore, to the extent that Medicaid rates are increased, I favor targeting essential services that are particularly vital to Medicaid users, rather than any across-the-board increases for individual providers. This approach will, I feel, provide much of the relief sought in this bill, while maximizing the use of both State and federal dollars.

Accordingly, I herewith return Assembly Bill No. 4385 (OCR) without my approval.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

ASSEMBLY BILL No. 4537 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 4537 (OCR) without my approval.

This bill provides a \$60,000 supplemental appropriation to the Department of Education for the purpose of providing three grants of \$20,000 each for the marching bands of the Toms River South High School, the Toms River North High School and the Brick Township High School. These funds would be used to defray the costs incurred by these bands in traveling to perform at public functions in and out of the United States.

While the State can be proud of the fact that these New Jersey high school bands applied for and were chosen for participation in various events, I do not believe it to be sound public policy for the State to be funding these trips with limited State educational dollars. Numerous districts send marching bands and other student groups to all sorts of worthwhile trips within and without the country. The State cannot, and indeed should not, be asked to support in whole or in part these trips, no matter how worthy the event may be nor should it be placed in the position of having to choose among competing student groups for limited State funds. Thus, while I recognize the honor conferred upon these high school marching bands by being chosen to perform at their respective events, I cannot support the use of State funds to support these endeavors.

Accordingly, I herewith return Assembly Bill No. 4537 (OCR) without my approval.

Respectfully,

ASSEMBLY BILL No. 3527 (2ND OCR)

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 of the Constitution, I am returning Assembly Bill No. 3527 (2nd OCR) with my objections for reconsideration.

This bill appropriates \$1 million from the General Fund and establishes a Cabinet level Department of Veterans' Affairs in the Executive Branch of State government. Pursuant to this legislation, the extant Division of Veterans Programs and Special Services in the Department of Human Services is abolished and reconstituted as the nucleus of this new department.

As with other Cabinet level positions, the Commissioner of the Department of Veterans' Affairs will be appointed by the Governor with the advice and consent of the Senate and shall serve at the pleasure of the Governor during the Governor's term of office and until the appointment and qualification of a successor. This legislation provides further that the Commissioner, as well as a deputy commissioner and three division directors, shall be honorably discharged veterans.

In addition, this bill calls for the establishment of three divisions within this newly created department: the Division of Administrative Services; the Division of Loans, Grants and Services; and the Division of Training Information and Referrals.

In one sense, this bill—and this proposed Department—crystallize, perhaps more dramatically than ever before, a desire to acknowledge the sacrifices our veterans have made on our behalf. I wholeheartedly lend my support to this tribute. New Jersey is proud to be the home of almost one million veterans. As a nation and as a State, we owe them more than we can ever repay in the provision of social services or the creation of memorials.

Over the past few years, I have supported the building of a new veterans' nursing home, the addition of several veterans' service centers and the creation of New Jersey's first veterans' cemetery. In the current fiscal year, I have supported over \$27 million in funding for the current Division of Veterans Programs and Special Services within the Department of Human Services, as well as additional funding for veterans' programs in the Departments of Higher Education, Labor and Treasury.

However, while I join in the sentiments that prompted this legislation, I question the efficacy of a separate department for veterans. Rather than creating an entirely new State department representing only veterans, I believe our veterans will be better served by transferring existing veterans' programs into the Department of Defense. This reorganized Cabinet level department will be entitled the Department of Veterans' Affairs and Defense.

In essence, I have incorporated both the substance and structure of the proposed Veterans' Affairs Department into the existing framework of the Department of Defense. More specifically, the reorganization of this department will consolidate services and programs currently provided by several State departments and should eliminate any duplication of these benefits. In addition, I have formally transferred all of the functions, powers and duties heretofore vested in the Division of Veterans Programs and Special Services in the Department of Human Services to this reorganized department. I have also placed the Agent Orange Commission under the purview of this department, consistent with the placement of similar veterans' programs. Finally, I have retained the three divisions proposed by this bill to administer veterans' affairs and have created an Administrator of Veterans' Affairs to oversee all of the veterans' programs in this reorganized department.

This Department, which represents a merging of both active and former members of the armed forces, has been tested and proven successful in other states. Moreover, it is my feeling that there exists a natural affinity between the veterans and National Guard—many of whom are themselves veterans. By consolidating these two related departments, I believe we can take advantage of an established relationship and better provide the services that our veterans need, consistent with the honor and dignity that they deserve.

Therefore, I herewith return Assembly Bill No. 3527 (2nd OCR) and recommend that it be amended as follows:

1. The State Bureau for Surplus Property, in the Division of Purchase and Property, State Department of the Treasury, together with its functions, powers and duties, is hereby transferred to the Division of Civil Defense-Disaster Control in the State Department of *Veterans' Affairs and Defense*.

7. N. J. S. 38A:3-3 is amended to read as follows:

38A:3-3. The head of the Department of *Veterans' Affairs and Defense* shall be the Adjutant General, who shall be appointed with the grade of major general of the line, New Jersey Army National Guard, or major general, New Jersey Air National Guard, by the Governor, with the advice and consent of the Senate, from:

(a) Federally recognized general officers in the national guard who have served therein for the preceding 10 years; or

(b) Federally recognized commissioned officers in the national guard, who have served therein for the preceding 10 years and are now serving in a military grade not below that of a colonel, such officers having the qualifications to become federally-recognized as brigadier general of the line, New Jersey Army National Guard, or brigadier general, New Jersey Air National Guard.

8. N. J. S. 38A:3-6 is amended to read as follows:

38A:3-6. Under the direction of the Governor, the Adjutant General shall:

(a) Exercise control over the affairs of the Department of *Veterans' Affairs and Defense* and in connection therewith make and issue such regulations governing the work of the Department of *Veterans' Affairs and Defense* and the conduct of its employees as may, in his judgment, be necessary or desirable.

(b) Be the request officer of the Department of *Veterans' Affairs and Defense* within the meaning of such term as defined in section 1 of P. L. 1944, c. 112 (C. 52:27B-1).

(c) Supervise, administer, coordinate and command State civil defense and disaster control activities.

(d) Command the organized militia of the State, with responsibility for recruiting, mobilization, administration, training, discipline, equipping, supply and general efficiency thereof. He may issue such regulations and delegate such command functions as he shall deem necessary. The regulations so issued shall, insofar as possible, conform to the federal laws and regulations concerning the same.

(e) Maintain the archives and be the custodian of the records and papers required, by laws or regulations, to be filed with the Department of *Veterans' Affairs and Defense*.

(f) Supervise, administer and coordinate those activities of the selective service system for which the Governor is responsible.

(g) Acquire by gift, grant, purchase, exchange, eminent domain, or in any other lawful manner, in the name of and for the use of the State of New Jersey, all those parcels of land as shall be necessary for armories and other militia facilities, and supervise the design, construction, alteration, maintenance and repair of said property.

(h) Establish and maintain such headquarters as may be required for the militia.

(j) Exercise the powers vested in him and perform such other duties and functions as required of him by the Governor and by federal and State laws and regulations.

(j) Exercise all of the functions, powers and duties heretofore vested in the Director of the Division of Veterans Programs and Special Services.

(k) Appoint and remove officers and other personnel employed within the department, subject to the provisions of N. J. S. 38A:3-8 and Title 11A of the New Jersey Statutes and other applicable statutes, except as herein otherwise specifically provided.

(l) Have authority to organize and maintain an administrative division and to assign to employment therein secretarial, clerical and other assistants in the department or the Adjutant General's Office for the purpose of providing centralized support to all segments of the department, including budgeting, personnel administration and oversight or equal opportunity programs.

(m) Perform, exercise and discharge the functions, powers and duties of the department through such divisions as may be established by this act or otherwise by law.

(n) Organize the work of the department in divisions not inconsistent with the provisions of this act and in bureaus and other organizational units as the Adjutant General may determine to be necessary for efficient and effective operation.

(o) Adopt, issue and promulgate, in the name of the department, pursuant to the "Administrative Procedure Act," P. L. 1968, c. 410 (C. 52-14B-1 et seq.), such rules and regulations as may be authorized by law.

(p) Institute, or cause to be instituted, legal proceedings or processes as necessary to properly enforce and give effect to any of the Adjutant General's powers or duties.

(q) Make an annual report to the Governor and to the Legislature of the department's operations, and render other reports as the Governor shall from time to time request or as may be required by law.

(r) *Coordinate the activities of the department, and the several divisions and other agencies therein, in a manner designed to eliminate overlapping and duplicative functions.*

(s) *Integrate within the department, so far as practicable, all staff services of the department and of several divisions and other agencies therein.*

(t) *Request access to all relevant files and records of other State agencies, which may be made available to the Adjutant General by the head of a State agency, and request, subject to the permission of the head of the State agency, any officer or employee therein to provide information as necessary to assist in the performance of the functions of the department.*

(u) *Supervise and operate the State veterans' homes and cemeteries.*

(v) *Supervise and operate the liaison office and the field offices which serve the federal Veterans' Affairs Medical Centers.*

(w) *Make application for federal grants and programs, other than the education grants or funds.*

(x) *Administer the federally-funded training and rehabilitation programs, except for the administration of federally-funded education and training programs set forth in 38 U. S. C. 36 et seq.*

(y) *Provide current information to the general public on State and federal veterans' programs and benefits.*

9. N. J. S. 38A:3-8 is amended to read as follows:

38A:3-8. The personnel of the Department of Veterans' Affairs and Defense shall consist of the following classes of persons:

(a) Officers and enlisted members who are ordered to active duty on a permanent duty status, with the pay and allowances of their grade and length of service in accordance with section 38A:4-3 of this title.

(b) Classified civil service employees.

(c) Unclassified civil service employees, who may be relieved, suspended or discharged for good cause. Such personnel shall be administered as far as practicable under similar regulations as those applicable to classified civil services, but shall be subject to military discipline and control as the *Adjutant General deems appropriate*, and shall include all personnel employed for the maintenance of armories.

(d) Technicians paid from federal funds. Such personnel shall be appointed by the Adjutant General, who shall determine their salaries and who may relieve, suspend or discharge such persons at any time for good cause, and shall be subject to military discipline and control.

10. N. J. S. 38:3-11 is amended to read as follows:

38A:3-11. The Adjutant General shall have an appropriate seal and have affixed an impression of the same to all certificates of record issued from the Department of Veterans' Affairs and Defense. Copies of any books, records, papers and documents, in the Department of Veterans' Affairs and Defense certified by the

Department of *Veterans' Affairs and Defense* shall be admitted as evidence in any court of the State, either civil or military, with the same force and effect as if the original had been produced.

11. (New section) The Administrator of Veterans' Affairs shall be an honorably discharged veteran qualified by training and experience to perform the duties of the office and shall be appointed by the Governor with the advice and consent of the Senate. The administrator shall, under the supervision of the Adjutant General, direct and oversee the activities of the Director of the Division of Veterans' Administrative Services, the Director of the Division of Veterans' Training Loans, Grants and Services and the Director of the Division of Veterans' Training, Information and Referrals."

"13. (New section) The department shall organize and administer a program of voluntary commitments by employers throughout the State to participate in a plan of veterans' preference in private employment and reemployment.

14. (New section) The plan of veterans' preference in private employment shall provide for the fixing of a quota of veterans by the Adjutant General for all participating employers, but may not require any employed worker to be discharged. The plan shall also provide for the classification of disabled veterans in occupations for which they would not be handicapped, and for first preference in such occupations for such disabled veterans.

15. (New section) In the organization and administration of the employment quota preference plan, the Adjutant General, through appropriate federal, State and local agencies, shall:

a. Enroll employers who voluntarily commit themselves to the plan and certify the right of such employers to approved forms of public recognition;

b. Register veterans desiring employment, according to their occupational experience and capacities;

c. Register labor unions which are willing to participate through appropriate adjustment of their membership and other requirements, and certify the right of such unions to approved forms of public recognition;

d. Receive requests for workers from all participating employers; and

e. Either refer qualified veterans (with preference to the disabled) in response to such requisitions or certify that veterans are not available.

16. (New section) The department shall review and approve or disapprove all policies and work programs of State departments, agencies and instrumentalities relating to veterans' welfare, services or activities. No such activity or work program shall be undertaken or continued after disapproval by the department

without specific authorization from the Governor."

ASSEMBLY BILL NO. 4704

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 4704 with my objections for reconsideration.

This bill would revise the law concerning the Essex County Pension System by permitting the transfer of the control and management of the pension fund from the Pension Commission directly to Essex County and by increasing the benefits of certain retirants under the system. The bill goes on to stipulate that the fund to be transferred from the Pension Commission to the county could be used to purchase an annuity to fund all or a portion of the county's pension obligations. Legislation I signed in 1985 already permits Essex County to bond and purchase an insurance contract to fund the actuarial liability of its pension system.

Essex County bond counsel and others have pointed out that serious technical flaws exist in this bill and have advised this Office that the bill cannot be signed in its present form.

I commend the sponsors of this legislation, the Administration and Freeholder Board in Essex County and the Essex County Pension Commission for this attempt at addressing the problems that exist with the Essex County system.

My recommendations today include changing the effective date of the act to June 15, 1988. My recommendations also will correct the technical flaws that exist in the bill as it has reached my desk. Also, my recommendations reconcile two conflicting amendments to section 15 of P. L. 1943, c. 160 that were both enacted in 1971.

Therefore, I herewith return Assembly Bill No. 4704 and recommend that it be amended as follows:

Title, Line 3: Delete "repealing section 3 of P. L. 1971, c. 102"

(line references are to typed copy) insert "amending P. L. 1943, c. 160."

Page 5, Section 5, Line 36: Delete "or to service any debt obligations"

Page 6, Section 5, Line 6: Delete "(3)" insert "(e)"

Page 6, Section 6, Line 18: Delete "Section 3 of P. L. 1971, c. 102 (C. 43:10-18.15i) is repealed." insert "Section 15 of P. L. 1943, c. 160 is hereby amended as follows:

15. The following provisions shall apply to all members of the retirement system:

(a) No pension shall be paid to the surviving husband of a deceased member of the retirement system unless he is and continues to remain dependent upon the income which the member

was receiving at the time of her death, nor unless he is and continues to remain physically or mentally incapable of pursuing a gainful occupation. [No pension shall be paid to a minor child under the age of 18 years of a female member unless the child is and continues to remain dependent upon the income which the member was receiving at the time of her death.] The pension commission shall determine the question of the dependency of the surviving husband [or minor children] as well as the ability of a surviving husband to pursue a gainful occupation.

(b) (Deleted by amendment.)

(c) (Deleted by amendment.)

(d) (Deleted by amendment.)

(e) The rights of any employee or beneficiary to receive any payments under the workmen's compensation act of New Jersey shall not be affected or impaired by any of the provisions of this act.

(f) Where the service of an employee is terminated by [reasons] *reason* of imposition of a sentence upon him of actual commitment to a penal institution on account of conviction of an indictable offense involving moral turpitude, no pension under this act shall be paid to any such employee; provided, however, that no member of this retirement system who shall have served honorably as a county employee for a period of 20 years and shall have attained the age of 60 years shall be deprived of his pension privileges because of any violation of the rules and regulations established for the government of such county employment, but he may be fined, reprimanded or discharged.

(g) Where any pension or other benefit shall be payable from the pension fund herein provided to any retired employee or other beneficiary who is or shall be confined in a penal institution as the result of a conviction of a crime involving moral turpitude, the pension commission may pay such pension or any part of it or other benefit to the wife, husband, minor children, mother or father of the confined person if it determines the same is necessary for their maintenance during such confinement.

(h) All payments of pension shall be made semimonthly and payments of pensions, refunds or other benefits under this act shall be made without interest.

(i) Upon and after the adoption of this act the benefits hereunder shall not extend to the widow or widower of any county employee who shall remarry, or shall have married such employee after such employee has retired or attained the age of 50 years, nor to any children of such marriages. No such widow or widower shall be eligible to benefits hereunder who was or shall be more than 15 years younger than the employee at the time of their marriage if such marriage occurs hereafter while the employee is a member of this retirement system, nor shall any children of such marriages be eligible for said benefits.] (*Deleted by amendment; P. L. 1987, c. . .*)."

ASSEMBLY BILL No. 4479 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 4479 (OCR) with my objections, for reconsideration.

This bill permits courts to waive forfeiture or disqualification of public office when based upon disorderly persons or petty disorderly persons offenses. The purpose of the bill is to lessen the harshness which occasionally arises pursuant to the present state's forfeiture provision. While I endorse the concept of this bill, upon the advice of the Attorney General, I must return it for deletion of the reference to municipal prosecutors from the list of those who may move before the court for waiver of the statute's mandatory forfeiture provisions.

The Code of Criminal Justice currently requires a person holding any public office, position or employment, elective or appointive, in this State to forfeit that position if he is convicted of an offense involving dishonesty, a crime of the third degree or above, or an offense involving or touching that public position. Furthermore, a person convicted of an offense involving or touching his public office or employment is permanently disqualified from holding a position of honor, trust or profit in the State. *N. J. S. A. 2C:51-2*.

Although the Criminal Code generally grants the courts discretion as to sentencing options, the provisions of *N. J. S. A. 2C:51-2* are mandatory. Pursuant to the present statute, an individual convicted of a disorderly persons or petty disorderly persons offense which involves dishonesty or which touches on his public office or employment is, in all instances, required to forfeit that office or employment. Furthermore, if the offense for which he is convicted involves or touches upon his public position, he must be permanently barred from holding public office. This legislation, as originally introduced, amended *N. J. S. A. 2C:51-2* to give the sentencing court, upon application of the Attorney General or county prosecutor, the discretion to waive such forfeiture and

disqualification if the underlying offense is a disorderly persons or petty disorderly persons offense and the Attorney General or the county prosecutor demonstrates good cause. It, therefore, acknowledges that requiring mandatory forfeiture of and permanent disqualification from public office may, under some circumstances, be too harsh a sanction for a minor infraction of our laws. For instance, law enforcement officers are often placed in conformational situations which may result in a complaint being filed against them for disorderly conduct, including offensive language, shoving, offensive touching, etc. While these disorderly persons offenses should be taken very seriously and dealt with sternly, they are not so serious in every case as to warrant the loss of position or the permanent, lifetime disqualification from holding such office.

The legislation, in its original form, was carefully drafted to ensure that the waiver provision would be utilized only in the extraordinary case where necessary to remedy an obvious inequity caused by the present requirement of mandatory forfeiture for even the most minor offense. Consequently, only the Attorney General and the 21 county prosecutors—the highest ranking law enforcement officers at the State and county levels, respectively—were given the authority to request these waivers.

The committee amendment, which adds municipal prosecutors to the list of those who may move for waiver of the mandatory forfeiture provisions, would wrest control of this sensitive procedure from a very limited number of individuals and diffuse it among the approximately 500 municipal prosecutors, who are not subject to law enforcement training or supervision, as are our county prosecutors. The power to request a waiver of mandatory forfeiture must be carefully circumscribed if it is to be wielded in a uniform and equitable manner.

Accordingly, I return Assembly Bill No. 4479 (OCR) and recommend that it be amended as follows:

Page 2, Section 1, Line 32: After "county" delete "or municipal"

ASSEMBLY BILL No. 2559 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 2559 (2nd OCR) with my objections for reconsideration.

The overall thrust of this legislation is to protect the retail pharmacy industry from perceived unfair competition by hospitals, their parent corporations, or any corporate subsidiary or affiliate. Essentially, this bill addresses four separate but related issues: (1) the location and operation of for-profit retail pharmacies owned by hospital corporations or their affiliates; (2) the commingling of drug inventory from hospitals or other institutions with an affiliated retail pharmacy; (3) the "steering" of hospital patients to affiliated retail pharmacies, providers of durable medical equipment or home health care; and (4) illegal price discrimination on the sale of drugs dispensed by institutional pharmacies to outpatients, employees and their dependents.

Specifically, this bill will prohibit a parent corporation or any corporate subsidiary or affiliate of a hospital, nursing home, convalescent center, industrial dispensary, medical clinic, or similar institution from conducting, renting or leasing a site for a retail pharmacy establishment within the confines or on the grounds of the institution or within 1,500 feet thereof.

In addition, this bill further defines and limits the classes of persons who may receive drugs from an institution pursuant to an institutional permit. This bill also directs the Board of Pharmacy to adopt rules and regulations to insure that an institution maintains accurate and separate records of its wholesale and retail purchases of drugs, thereby providing a proper audit trail for those drugs that are purchased by the institution for its own use.

Furthermore, this bill provides that an institution, its parent corporation, or a corporate subsidiary or affiliate that operates a pharmacy or is a provider of durable medical equipment or home health care must insure that upon discharge of a patient for whom a prescription item has been prescribed or durable medical equipment or home health care services have been ordered, the patient is given the names, addresses, and phone numbers of at least three retail pharmacies or providers of durable medical equipment or home health care that are in reasonable proximity to the patient's home.

Finally, this bill explicitly imposes the provisions of the federal "Robinson-Patman Anti-Discrimination Act" on institutional pharmacies and defines the exemptions from that act as they apply to the dispensing of drugs by a hospital.

Proponents of this bill proffer two central arguments in support of this legislation: (1) that absent this legislation, hospital personnel will "steer" patients to hospital-owned pharmacies or other health care services, creating an unfair competitive advantage for these affiliated entities; and (2) that hospitals that purchase drugs at greatly reduced prices under an institutional permit will commingle these drugs with affiliated retail pharmacies, thereby illegally underpricing the local pharmacies.

While I can appreciate the concerns that prompted this legislation, I find it overly broad in its approach to these perceived problems and unnecessarily restrictive. Legislation short of an outright ban on hospital-owned pharmacies and aimed instead directly at these unfair practices will, I believe, more appropriately address this issue.

Specifically, I do not support the section of this bill prohibiting a parent corporation or corporate subsidiary or affiliate of a hospital or similar institution from conducting, renting or leasing a site for a retail pharmacy establishment within the institution or within 1,500 feet thereof. This absolute ban presumes certain illegal and unfair practices on the part of hospital-owned retail pharmacies that are speculative and unfounded.

I do, however, support the sections in this bill dealing with the commingling of drug inventory from hospitals with an affiliated retail pharmacy. Language further defining the classes of persons who may receive drugs from an institution pursuant to an institutional permit and requiring the maintenance of separate records of wholesale and retail purchases of drugs will further insure the integrity of our current system. I do not, however, support language limiting further the ability of a hospital clinic to provide drugs to its outpatients. I believe the existing limitations are reasonable and further restrictions will merely drive up the cost of pharmaceuticals for the users of hospital clinics.

I also support the sections of this bill addressing the "steering" of patients by an institution that has an affiliated retail pharmacy or is a provider of durable medical equipment or home health care services. To further strengthen these provisions, I support additional language requiring physicians to issue written prescriptions or orders to discharged patients in institutions with affiliated retail pharmacies or other health services. I also favor additional language requiring all regulations in this area to be promulgated in consultation with the Department of Health.

Finally, I do not support sections of this bill applying the provisions of the federal "Robinson-Patman Anti-Discrimination Act" to the sale of drugs by an institution. I have been informed by the Attorney General's Office that this federal law already applies to these sales and that this section of the bill will only create greater confusion without promoting any discernable public policy.

I believe that these suggested amendments will strengthen the anti-steering provisions already contained in the current law and assure that hospitals or other institutions that choose to compete in the retail pharmacy industry will do so on fair and equal footing with other retail pharmacies. Moreover, I feel these amendments sufficiently address the concerns of illegal competition raised by the retail pharmacy industry, while in no way compromising the ability of health care consumers to choose for themselves where to purchase their drugs and other health care services.

Therefore, I herewith return Assembly Bill No. 2559 (2nd OCR) and recommend that it be amended as follows:

A motion was made by Mr. Haytaian that these messages be spread in full upon the minutes. Which motion was adopted by Voice Vote.

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT
SENATE BILL No. 251 (2ND OCR)
STATEMENT

I am filing Senate Bill No. 251 (2nd OCR) in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill authorizes the association of a qualified common interest community, typically a condominium or cooperative development, to provide in its bylaws that the ownership association is immune from suits brought by or on behalf of a unit owner as a result of bodily injury to the unit owner sustained on the premises of the community. The bill requires that at least two-thirds of the unit owners approve a bylaw providing for such immunity.

I recognize and appreciate the sponsor's attempt to limit the liability of condominium and cooperative ownership associations. The type of immunity provided by the bill is consistent with other tort reform actions that this Administration has supported. In

fact, the provisions of this bill closely reflect my recommendations on another bill that reached me concerning the liability of the Lake Mohawk homeowner's association. However, I am troubled by the potential impact of this bill.

For the purposes of this bill, the association is simply defined as the entity responsible for the administration of the common interest community. Existing law provides that once 25 percent of the units in a community are conveyed, the individual unit owners will be entitled to elect 25 percent of the association's members. Likewise, once 50 percent of the units are conveyed, the individual unit owners will be entitled to elect 40 percent of the association's members. Upon conveyance of 75 percent of the units, the individual unit owners assume control of the entire membership of the association.

Thus, the decision-making authority for the association is dominated by the project developer for a period of time. During this period of time, the developer controls the association and may hold ownership of two-thirds of the units and, thus, might be granted the authority both to create and ratify the immunity contemplated by this bill.

As a policy matter, I do not believe that an association that is controlled by the project developer should be empowered to create an immunity that will be binding on the future unit owner-members of the association or on the ownership community at large. Rather, that authority should be limited to those associations that are controlled by individual unit owners, since ultimately it is the unit owners themselves who will be barred from bringing suit. This approach will allow the actual unit owners, as members of the ownership association, to decide for themselves whether to limit their own right to sue the association for injuries sustained on the common property.

Accordingly, I must file Senate Bill No. 251 (2nd OCR) without my approval.

Respectfully,
/s/ THOMAS H. KEAN,
Governor.

EXECUTIVE DEPARTMENT
SENATE BILL No. 315
STATEMENT

I am filing Senate Bill No. 315 in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following

such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill would permit any local board of education participating in the New Jersey Health Benefits Program to delay mandated increases in benefits or employer contributions until the next succeeding budget year. While I understand the bill's intent to assist local school districts in their planning for increases in expenditures, I cannot accept the bill's concomitant result, namely, discrimination against other employers participating in the New Jersey Health Benefits Program. These other employers would be forced to pay their increased employer contributions mandated by the New Jersey Health Benefits Commission. Moreover, since some entity would be forced to pay the deferred employer contributions from which school districts would be exempted during the interim until the next succeeding budget year, presumably these other employers or the State would be forced to incur these additional costs. Such a result would be inequitable.

Also, I am very troubled by that aspect of the bill which would permit a delay in increased benefits for school personnel mandated by the New Jersey Health Benefits Commission. Increases in benefits, as well as increases in employer contributions, should be borne equally by all participants in the New Jersey Health Benefits Program.

Accordingly, I must file Senate Bill No. 315 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

EXECUTIVE DEPARTMENT
SENATE BILL No. 385 (2nd OCR)
STATEMENT

I am filing Senate Bill No. 385 (2nd OCR) in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill classifies as a crime of the fourth degree the disbursing of monies or the incurring of obligations by certain, specified public officials in excess of appropriations or an amount limited by law. The problem addressed by this bill—the incurrence of over-expenditures and over-commitments by public officials—is one

of the most serious and reoccurring problems in local finance. I support the concept of deterring such conduct through the use of criminal penalties and other methods, as does the Attorney General, the Division of Criminal Justice, the Division of Local Government Services in the Department of Community Affairs, and the League of Municipalities.

The present bill, however, has a number of problems which require me to file it without my approval. The bill, in its present form, fails to cite *all* the public officials who should be responsible for over-expenditures, such as officials and employees of state authorities and commissions, officials of local officials and employees not mentioned in the bill who are authorized to expend monies and incur liabilities. In addition, the bill does not make it clear that certain over-expenditures, such as payment of debt service when constitutionally required or legislatively permitted, should be exempted from the criminal liability imposed by this bill. Other exemptions of like character should be included. Finally, the bill should include a remedial component, that is, a reliable process by which the State can identify and remedy chronic deficiencies in the fiscal affairs of local governmental units.

In conclusion, a problem as serious and as complex as ensuring the fiscal integrity of state and local governments must be addressed in a comprehensive manner. Unfortunately, there are amendments needed to this particular bill and redrafting, even the means of a conditional veto, was precluded by the ending of the legislative session. Again, I support the concept of this bill and will instruct my staff to work the sponsor, the Legislature, the Attorney General's Office and other interested parties to draft and prepare legislation for introduction in the next legislative session which comprehensively addresses the problem of ensuring the fiscal integrity of public officials at all levels of government.

Accordingly, I must file Senate Bill No. 385 (2nd OCR) without my approval.

Respectfully,
/s/ THOMAS H. KEAN,
Governor.

SENATE BILL No. 813 (OCR)
STATEMENT

I am filing Senate Bill No. 813 (OCR) in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such

expiration. In this circumstance, there is no provision for a veto, but I deemed it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill would remove from the Commissioner of Education the authority to order regionalization of a school district without the approval of a referendum. Caselaw in New Jersey has recognized that the Commissioner of Education's authority to insure a thorough and efficient system of education for all pupils includes, in extreme cases, the power to require regionalization when local boards are unable to provide for their students. This bill would limit the Commissioner's authority to act in those extreme cases where local boards are unable to provide a through and efficient system of education for their children, yet refuse to consider regionalization. While I recognize that such action would be drastic, in my opinion it would not be sound policy to remove this authority from the Commissioner. I believe it is sufficient to rely upon the Commissioner's sound discretion and to require him to demonstrate convincingly the need for such action, should it ever arise, to an impartial reviewing court.

Accordingly, I am filing Senate Bill No. 813 (OCR) without my approval.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT
SENATE BILL No. 1722 (OCR)
STATEMENT

I am filing Senate Bill No. 1722 (OCR) in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding no to sign this bill.

This bill appropriates \$1 million from the General Fund and establishes a Young Parents' Grant Program in the Department of Human Services to provide funds to local boards of education for the provision of day care services for teenage parents. Pursuant to this bill, local boards of education may apply to the Department of Human Services for a grant to operate a day care center, or to contract with a day care center, to provide day care services to teenage parents who are enrolled in the public schools of the district.

Child care services provided through this program will be made available free of charge to teenage parents, except that the parents shall convey to the board of education any funds received for day care pursuant to any other State or federal law. The boards of education will be eligible for grants of up to 100 percent of the cost of operating the program or contracting for the services.

Adolescent pregnancy is one of the most serious and far reaching crises affecting our society today. The ramifications of this problem spin off into every direction, affecting the medical, economic and social well-being of both adolescent parents and their children. I, therefore, applaud the sponsor's efforts to address this complex and serious issue. I must, nevertheless, return this bill without my approval for the following reasons.

The most current statistics indicate that in New Jersey there are approximately 6,682 births to teenagers 18 years old or younger each year, 850 of which are births to children 15 years old or younger. Given the average annual cost of private day care in New Jersey at \$25 per day for infants, the Department of the Treasury advises that the appropriation contained in this bill will provide services to only 444 children. The funding contained in this bill will, therefore, alleviate only marginally the day care problems facing teenage parents in the State.

More importantly, however, on October 8, 1987, I signed legislation establishing an innovative welfare reform program known as Realizing Economic Achievement or REACH. An important component of this program included significant funding for day care services to assist welfare recipients in achieving economic self-sufficiency.

Through the REACH program, funding for day care services has been significantly increased in the current fiscal year and will be increased even more dramatically in FY 89. In FY 88, \$3.8 million in State funds was earmarked for children's day care services. This figure was matched by an additional \$1.1 million in federal funds. In FY 89, the total budget for the day care component of the REACH program will exceed \$20 million. Of that total, approximately \$16 million will be State funds, matched by an additional \$4.5 million in federal funds.

I note that this bill was introduced on February 24, 1986, long before the implementation of the REACH program. While well-intentioned, I believe that the significant increases in State funding for children's day care through the REACH program will provide most, if not all, of the benefits contemplated by this legislation.

Accordingly, I must file Senate Bill No. 1722 (OCR) without my approval.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

EXECUTIVE DEPARTMENT
SENATE BILL No. 2362 (OCR)

STATEMENT

I am filing Senate Bill No. 2362 (OCR) in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill requires that the Commissioner of the Department of Environmental Protection (DEP) sell, lease or exchange, for other lands or property, up to five acres of public lands adjoining the Popcorn Park Zoo (Zoo) in Ocean County to the Zoo. The bill requires that this be accomplished within six months of its effective date or within a time period agreed upon by the parties.

While the Popcorn Park Zoo may provide a valuable service, and while transfer of this particular parcel to the Zoo might be beneficial to operation of the Zoo, I am concerned that enactment of this legislation would establish a dangerous precedent in that it forces the conveyance of publicly owned land to a private party by a date certain. It is not unreasonable to envision a potential buyer under these circumstances refusing to pay a fair price for the land, knowing that the State is obligated by law to consummate the transfer.

Our DEP frequently faces pressure to approve the conveyance of publicly owned land for private purposes, particularly land preserved with State funds obtained through the Green Acres Program. If this bill were approved, introduction of legislation to force such transfers for parochial purposes could become routine, thus, seriously jeopardizing our efforts to maintain and preserve open space in this State. In my view, this bill inheres to the detriment of the general public and is not sound policy.

Accordingly, I must file Bill No. 2362 (OCR) without my approval.

Respectfully,
/s/ THOMAS H. KEAN,
Governor.

EXECUTIVE DEPARTMENT
SENATE BILL NO. 2571 (OCR)

STATEMENT

I am filing Senate Bill No. 2571 (OCR) in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within ten days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill amends the current law at N. J. S. 24:5-8 to provide that all food, with the exception of spices, shall be deemed adulterated if during the course of its processing it has been exposed to or treated with radiation as a means of preservation. Under existing law, adulterated food may not be manufactured, sold or distributed in the State. In addition, adulterated food can be confiscated or embargoed by the State Department of Health, and monetary penalties can be imposed for its manufacture, sale or distribution.

Essentially, the purpose of this bill is to prohibit the distribution and sale of irradiated food. According to the Department of Health, the U. S. Food and Drug Administration (FDA) has recently approved the low dose irradiation of fresh fruits, vegetables and spices as a means of preservation. In addition, the U. S. Department has approved the irradiation of pork.

Notwithstanding these federal approvals, however, the use of the irradiation process for food preservation is not imminent. Indeed, the food industry has indicated it will be at least two years before there is an widespread implementation.

I fully recognize the interest that this bill has generated among concerned citizens whose only agenda is the safety and well-being of the people of this State. I share these concerns; however, for the following reasons I am unable to approve signature of this bill.

Through federal regulations, the FDA has set out standards requiring that irradiated foods must be labeled with a special logo and the statement "treated with irradiation" or "treated by irradiation." If a food ingredient is irradiated and used in the preparation of other foods, however, the current FDA regulations do not require that the manufacturer identify the irradiated ingredients. Furthermore, according to the Department of Health no definitive tests exist to indicate whether food has been irradiated. Consequently, if food containing irradiated ingredients enters the

stream of commerce in the State, it will be difficult, if not impossible, for the Department of Health to identify these products and halt their distribution. These substantial enforcement problems will, I believe, seriously jeopardize the efficacy of any State legislation seeking to regulate in this area.

Moreover, I believe this concern is most appropriately addressed on the federal level. This issue is highly emotional and scientifically complex. According to the Department of Health, the changes in food structure that occur as a result of the irradiation process are so subtle as to require the most sophisticated levels of toxicological testing and radiation chemistry analysis. The federal Food and Drug Administration has both the means and the mandate to conduct thorough and extensive testing of food products traveling in interstate commerce.

Beyond these difficulties, however, the Commissioner of Health has advised me that there is currently insufficient evidence to warrant an absolute ban of irradiated food in the State. I have requested experts from the Department of Health and Environmental Protection to review this issue, and all agree that there is a paucity of scientific evidence to suggest that the irradiation of food within prescribed FDA standards constitutes a hazard to the health of the consumer.

This paucity of evidence of dangerousness has two effects. First, lacking such evidence it is difficult to justify an absolute ban as a matter of fairness, particularly when the FDA has given approval. Second, such an evidentially unsupported ban probably would not survive legal attack, particularly an attack based on principles of federal supremacy.

Finally, there is no need to act precipitously on this troublesome issue. As noted, food industry specialists indicate that any widespread implementation of this process will not occur for at least two years. If, during that time, further studies are conducted and the Commissioner of Health advises that such an outright ban is warranted, I will reconsider my position on this issue.

In sum, the strict constitutional time constraints of Article V, which permit me only seven days in which to review bills that pass within ten days preceding the expiration of the second legislative year, preclude an opportunity for an adequate review of this complex scientific issue. I will, however, be happy to work with the Legislature in the future as further information becomes available on this matter.

Accordingly, I must file Senate Bill No. 2571 (OCR) without my approval.

Respectfully,
/s/ THOMAS H. KEAN,
Governor.

SENATE BILL No. 3240 (OCR)
STATEMENT

I am filing Senate Bill No. 3240 (OCR) in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill amends the Employer-Employee Relations Act to prohibit firefighters from being represented by a labor union which represents employees other than firefighters, and enlarges definition of firefighters under the Act to include State titles presently located within bargaining units represented by the Communications Workers of America (CWA) and the International Federation Professional & Technical Engineers (IFPTE). The affected State titles include, but are not limited to: State forest fire wardens, forest fire control technicians, fire observers, fire prevention and safety officer State College, and fire code assistance representatives. Because enactment of this legislation runs contrary to the State's best interest, I cannot support this initiative for several reasons.

First, the Department of Labor (DOL) advises that this bill represents an attempt to by-pass an adverse yet legally sound Public Employment Relations Commission (PERC) ruling. In effect, State firefighters are seeking to gain through statutory amendment what PERC ruled they could not achieve through statutory interpretation. The State has successfully opposed an attempt by these firefighters before PERC to create their own negotiating unit. That Commission ruled that these firefighters may not sever themselves from the long established, broad-based negotiating units in which they are represented by both the CWA and IFPTE. The State successfully demonstrated that these firefighters have a community of interest with non-fire employees and their negotiating units and that they are adequately represented. PERC also found that "labor stability would be better served by the firefighters' continued inclusion in broad-based negotiating units." Our approval of this bill would undermine PERC's function as a specialized dispute resolution agency within this Administration.

Second, this legislation would result in an opening of a Pandora's box of future bills seeking to create additional splinter bargaining units, a result which this Administration finds untenable. The open-ended definition of "firefighting services" could lead to other

groups of employees seeking similar treatment because the language of the bill is over broad, specifically including within its scope employees not traditionally considered firefighters. Further, DOL advises that by establishing such a precedent, this Administration would place competing labor units at a considerable disadvantage. I am also concerned about the wisdom of defining bargaining units by civil service titles as opposed to established criteria indicating reasonable community of interest.

While I recognize the important and significant contributions made by firefighters in the State, I cannot support this bill.

Accordingly, I must file Senate Bill No. 3240 (OCR) without my approval.

/s/ THOMAS H. KEAN,

SENATE REPRINT FOR
ASSEMBLY BILL No. 557 (2nd OCR)
STATEMENT

I am filing Senate Reprint for Assembly Bill No. 557 (2nd OCR) in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the New Jersey Constitution, this bill, which the Legislature passed within 10 days preceding the end of the second legislative year, does not become law because I did not sign the bill prior to the seventh day following the end of the second legislative year. Although the Constitution does not provide for a veto in this circumstance, I deem it to be in the public interest to state my reasons for not signing this bill.

This bill amends the current law definition of "practice of engineering" and "professional engineering." In place of the current definition, the bill adds a more expansive definition, which is intended to permit engineers to engage in design work and to prepare plans and specifications for all types of buildings and structures without regard to building type or particular engineering discipline.

I believe that the enactment of this bill in its current form would result in statutory, administrative and regulatory conflicts. While the bill amends the engineering statute, it fails to amend the unlawful practice of architecture statute which prohibits engineers from buildings other than those incidental or supplemental to an engineering project. Further, this bill does not amend the current architectural licensing law that permits engineers to be licensed as architects provided they pass the parts of the architectural licensing examination pertaining to site and building design.

This bill also nullifies recent compromise regulations agreed to by the Board of Architects and the Board of Professional Engineers and Land Surveyors. It is my understanding that the Office of the Attorney General, the Division of Consumer Affairs and the affected Boards have been negotiating a compromise on the distinction between these professions for the past few years. These negotiations resulted in the recent adoption of comprehensive regulations. Obviously, the engineers are not satisfied with these regulations. However, I am reluctant to endorse legislation which changes such recent compromise regulations, simply at the behest of one group.

Finally, I believe the controversy surrounding these regulations and this bill clearly indicates a need for granting the Attorney General greater authority to periodically review and revise regulations promulgated by the various professional boards in the Division of Consumer Affairs. That authority should extend to allowing the Attorney General to direct substantive revisions to regulatory schemes which require change in the public interest, including specifically where there is an issue of whether competing disciplines are being treated fairly and the interests of the consumers of services fostered where there is overlapping jurisdiction between boards. Therefore, I call upon the Legislature to pass legislation granting this authority to the Attorney General.

Accordingly, I file Senate Reprint for Assembly Bill No. 557 (2nd OCR) without my approval.

ASSEMBLY BILL No. 570
STATEMENT

I am filing the Senate Reprint for Assembly Bill No. 570 in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill would permit revenues received from the sale or lease of a school district's real property to be placed in either the district's current expense account or the district's capital outlay account. If the funds are placed in the capital outlay account, the school

district must designate a specific project or improvement for which the funds would be used and if the district is a Type II school district, voter approval would be required for the expenditure of the funds for capital projects.

Under present law, revenue from the sale or lease of real property must be placed in the current expense account of a district's budget unless permission has been received from the voters to place such revenue in either the capital outlay or debt service accounts. This current policy is consistent with statutes and regulations which require voter approval for capital expenditures by school districts. Although the bill requires submission to the voters whenever a school district wishes to use revenues from the sale or lease of the school district's real property for another capital project, it does not address the contingency of the voters rejecting a request to use the funds for an additional capital project. It would still be possible to circumvent voters' wishes and to use funds from the sale or lease of the school district's real property for a capital project even if the voters fail to approve the board's chosen use of these revenues.

This bill poses the fundamental issue of whether approval should be required for capital expenditures. If the current system of voter approval for capital projects is to be changed, in my opinion it should be changed fundamentally and completely, and not in a piecemeal fashion as proposed by this bill.

Accordingly, I must file the Senate Reprint for Assembly Bill No. 570 without my approval.

ASSEMBLY BILL No. 1923 (Senate Reprint)
STATEMENT

I am filing Assembly Bill No. 1923 (Senate Reprint) in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

The bill establishes the Cable Subscriber Privacy Protection Act, thereby setting forth a comprehensive regulatory scheme concerning the collection, use and disclosure of personal information by cable

television companies, third-party recipients of personal information and affected governmental entities. It is my understanding that the provisions in the bill concerning the disclosure of subscriber information closely reflect existing federal cable communications law.

While I am not opposed to the substance of the Cable Subscriber Privacy Protection Act, I object to the final provision of this bill because it contravenes the Tort Claims Act's general immunity for public entities by making a publicly run cable television system subject to damages to the same extent as a privately run cable television system.

The general intent of the Tort Claims Act is to provide public entities with immunity from suits for negligence, except in limited circumstances. The Legislature, in enacting the Tort Claims Act, recognized that while a private entrepreneur may be readily held liable for negligence within the chosen scope of his activity, government must act for the public good in almost limitless situations and therefore should not be penalized if it fails to do everything that should be done. I do not believe that public entities that may operate a cable television system should be excluded from the protection of the Tort Claims Act.

Further, I find the language of the last section of the bill to be ambiguous. Section 11 speaks of "any claim" filed against a publicly owned, controlled or managed cable system. While it would seem that Section 11's applicability should be limited to claims for violations of this bill's restrictions on disclosure of information, the bill's reference to "any claim" raises concern that this provision might be applied to claims other than those for violation of disclosure of subscriber information.

I am not adverse to setting in place a legislative scheme designed to protect the privacy of cable television subscribers, however, I cannot sign a bill that operates in contravention of this State's existing policy on immunity for public entities.

Accordingly, I must file Assembly Bill No. 1923 (Senate Reprint) without my approval.

ASSEMBLY BILL No. 2049 (OCR) (WITH SENATE AMENDMENTS)
STATEMENT

I am filing Assembly Bill No. 2049 (OCR) (with Senate Amendments) in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not

become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill abolishes the existing Veterans' Facilities Council in the Department of Human Services and establishes seven-member advisory councils for each of the four veterans facilities in the State. These include the three veterans nursing homes located at Menlo Park, Vineland and Paramus, and the newly dedicated veterans cemetery at Arneytown. This bill also updates the titles of the current veterans facilities.

In addition, this bill regulates the appointment and membership of each advisory council providing for seven members, at least five of whom are veterans, to be appointed by the Governor with the advice and consent of the Senate. Except for the initial members, each member will be appointed for a three-year term, with vacancies filled for the unexpired term only.

I understand that it was the intent of the sponsors to increase public input into the regulation of the veterans facilities in the State and provide additional uniformity to the veterans facility system by eliminating the names of outdated veterans facilities and updating the statutes to add the new facilities. While I commend these efforts, for the following reasons I am unable to approve signature of this bill.

Only several days ago, I signed legislation creating a reorganized Department of Veterans' Affairs and Defense. This reorganization consolidated, for the first time in the State's history, the majority of veterans programs and services within one State agency. In light of this recent merger of the Division of Veterans' Programs and Special Services into the Department of Defense, I believe the administrative changes contemplated in this bill are ill-timed. Any such restructuring of the Veterans' Facilities Council should be reviewed by those who will be administering this newly organized department.

In addition, I am troubled by the language in this bill restraining my appointments to each of these proposed advisory councils. In essence, this bill will replace 15 members currently appointed by the Commissioner of Human Services with the approval of the Governor, with 28 members appointed by the Governor with the advice and consent of the Senate. Under these circumstances, I see no necessity for senatorial advice and consent of these appointments.

Accordingly, I must file Assembly Bill No. 2049 (OCR) (with Senate Amendments) without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill would prohibit the Commissioner of Education from adopting seniority classifications which are based solely on service at different grade levels for certain categories of public school employees. The categories of employees specified in the bill include school nurse, speech correctionist, reading specialist, educational media specialist, guidance counselor and teachers of art, music, reading, health and physical education.

Current regulations governing seniority classification provide for the accrual of seniority on the basis of the grade level category at which the employee has actually functioned. This practice helps to insure that the most qualified person for a particular position is retained in the event of reduction in force.

I cannot accept the premise of this bill, namely, that certification should be equated with seniority rights. Certification represents nothing more than the State's endorsement of a candidate's basic qualification for initial employment. It confers upon the bearer no right beyond that of being able to apply and compete for an available position. Seniority, on the other hand, represents an automatic entitlement to a specific position. I believe the seniority system should be structured to minimize the possibility of teaching staff members being able to lay claim to positions for which they may be unsuited by temperament or experience. Employee protection, while important, should not be placed above the right of New Jersey school children to be taught by the staff best qualified for the positions they hold.

Accordingly, I must file Assembly Bill No. 2844 (OCR) without my approval.

SENATE REPRINT FOR ASSEMBLY BILL NO. 3327
STATEMENT

I am filing the Senate Reprint for Assembly Bill No. 3327 in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

Specifically, this bill exempts from the Sales and Use Tax machinery, apparatus and equipment used at marine terminal facilities in loading, unloading and handling cargo by commercial ships. Under existing law, this machinery, apparatus and equipment are subject to the tax. The bill also exempts from the Sales and Use Tax storage and other services rendered with respect to such loading, unloading and handling of cargo at marine terminal facilities. While under existing law the repair of cargo containers and chassis by marine terminal facilities are exempt from the Sales and Use Tax, charges for storing excess cargo containers at their staging areas are taxable under the Sales and Use Tax.

The Division of Taxation opposes enactment of this bill and has informed my office only very recently that a significant reduction in the Sales and Use Tax would result from enactment, especially by exempting machinery, apparatus and equipment used at marine terminal facilities from the tax. The Division estimates the revenue loss may be over \$9 million. The affected industry estimates that the loss of revenue would be less than \$1 million.

I commend the sponsor for her concern that New Jersey's maritime shipping industry remain competitive with other states which offer similar exemptions. This Administration is committed to creating an environment in which all New Jersey's industries can effectively compete against other states in the region. However, we have been presented with radically different estimates of the fiscal impact of the exemptions contained in this bill. Unfortunately, the time allocated by the State Construction to consider this legislation does not allow for the resolution of the outstanding questions concerning the cost of these exemptions. The Division of Taxation also believes that the language describing the exemptions is ambiguous and thus difficult to administer and has raised concerns over other industries seeking similar treatment.

I believe it is more fiscally prudent, given all the open issues concerning this legislation, that the Legislature further deliberate this matter. I am instructing the Division of Taxation to work with the Legislative Branch and the affected parties to arrive at an accurate estimate of the loss of revenue incurred by this legislation, as well as resolving the other questions remaining unanswered.

Accordingly, I must file the Senate Reprint for Assembly Bill No. 3327 without my approval.

STATEMENT

I am filing the Senate Reprint for Assembly Bill No. 3607 in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill would amend the current education law governing the facilities and programs of education which may be provided for handicapped students. Current law permits the placement of handicapped students in a nonpublic, nonsectarian school pursuant to an approved special education program whenever an appropriate public program is not available. These programs may be residential or day programs and may be within New Jersey or out-of-state.

This bill would extend the enumerated programs and facilities in which special education children may be placed to include enrollment in an academic program of a nonpublic school located within the State or in any other State in the United States regardless of whether the school's program has been approved by the State of New Jersey to receive public school pupils, when in the judgment of the local board of education with the consent of the Commissioner, this represents the most appropriate placement for the pupil.

While I am very much aware of the bill sponsors' concern that special education pupils be placed in appropriate educational programs, I cannot endorse the concept of allowing public school

pupils to be placed in educational programs which have not submitted to and been approved by the State Department of Education to receive public school pupils. Additionally, this bill would permit placement of public school pupils in sectarian nonpublic schools, a practice which is not permitted elsewhere under the State's education laws and which creates a possible violation of the First Amendment's requirement of separation of church and state. It is for these reasons, that I cannot endorse this bill.

Accordingly, I must file the Senate Reprint for Assembly Bill No. 3607 without my approval.

ASSEMBLY BILL No. 4002 (SENATE REPRINT) (OCR)

STATEMENT

I am filing Assembly Bill No. 4002 (Senate Reprint) (OCR) in the Division of Archives and Records Management without my approval.

Under the provisions of Article V, Section I, Paragraph 14 of the Constitution, this bill, which was passed within 10 days preceding the expiration of the second legislative year, does not become law because it was not signed prior to the seventh day following such expiration. In this circumstance, there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign this bill.

This bill requires the State Planning Commission (Commission) to submit the Final State Development and Redevelopment Plan (Plan) to the Legislature for review and approval. The Legislature is authorized to disapprove of the Plan, in part or in whole, within 120 days of receipt thereof by way of concurrent resolution. Further, the bill requires the Commission to revise the Plan in accordance with the resolution of disapproval and to resubmit that document to the Legislature for subsequent review and approval.

The State Planning Act was signed into law in 1986 to facilitate a cooperative planning process between the State, county and local governments as well as other public and private sector interests. This process is designed to enhance the rational development, redevelopment and conservation policies in the State. At the very core of the Act is the requirement that a State Development and Redevelopment Plan be formulated, for use as a tool to assess suitable locations for future growth in New Jersey.

Enactment of the State Planning Act two years ago, put New Jersey in the vanguard of planning policy among the states. The Legislature dared to tackle the difficult task of coordinating and integrating development across the State while at the same time preserving the long-held planning authority of the local governments.

I recognize the Legislature's desire to ensure a balanced plan for growth management and share their zeal to provide for a planning process that will strengthen New Jersey's reputation as a desirable place to live, work and recreate. However, I cannot sign this bill because my Counsel has advised me that it violates two provisions of the State Constitution.

First, the bill violates the separation of powers clause (N. J. Constitution, Article III, Paragraph I). A basic tenet of the principle of separation of powers is that once the Legislature has delegated by law a task to the Executive, it cannot interfere in the performance of that task. The Legislature may not impede the Executive's ability to faithfully execute the law.

My Counsel has determined that the ability of the Legislature to disapprove the Plan impedes the Executive branch's ability to implement the State Planning Act, the principal task of which is the formulation of a State Plan. The task of authoring a State Plan was delegated by the Legislature to an Executive branch commission. That commission must be allowed to carry out the duties so delegated by the Legislature.

Second, the bill violates the presentment clause of the Constitution (N. J. Constitution, Article V, Section I, Paragraph 14) which requires that all changes in legislative policy must be effected by a majority vote of both Houses of the Legislature and approved by the Governor, or after veto, by a two-thirds vote of both Houses. The disapproval power contained in this bill has the potential to alter the legislative policy towards comprehensive regional planning embodied in the State Planning Act. Yet, the concurrent resolution by which those changes will occur need not be submitted to the Executive for his decision. Thus, the Executive branch is entirely excluded from participation in any policy changes affected by the legislative disapproval authorized by the bill.

As Governor, I have taken an oath to support the Constitution of the State of New Jersey. It would be an abdication of my duty to enact a law that I have been informed violates the Constitution.

Accordingly, I must file Assembly Bill No. 4002 (Senate Reprint) (OCR) without my approval.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.
